'Aggressive' Operation Promised

Harker China Changeover Slated Later This Month

The Jeannette Glass Co., which acquired the Harker China Co. Tuesday through an exchange of stock, hopes to take over operation of the Chester dinnerware firm not later than June 25, Maurice L. Stonehill, president and chairman of the board, said today at Jeannette.

Stonehill said the company contemplates an aggressive sales policy and a modernization of Harker manufacturing facilities wherever necessary.

"We have every intention of making Harker one of the nation's leading china producers," he added.

The Chester plant will operate as the Harker China Division of the Jeannette Glass Co. John Pinney, vice president of Harker's, will remain as vice president in charge of manufacturing. Overall management of the plant will be in the hands of Mark Silverberg, executive vice president of Jeannette Glass.

Discussing future policy, Stonehill said: "We don't acquire any company and let it sit idle. We're aggressive." He said he expects Harker employment to grow "because our sales force of 75 people located throughout the U.S. will create business."

In the nine years since Stonehill joined Jeannette Glass, sales have grown from $5 million to $16 million annually and employment from 300 to 800.

Harker now employs about 250 on a year-around average.

Last year, Jeannette Glass acquired Blefeld & Co., Inc., of New York City, importers of fine handmade glassware. In 1961, it acquired the McKee Glass Co. of Jeannette, specialists in heat-resistant glass manufacture. McKee Glass was established in 1850.

Jeannette also is the largest individual shareholder in Imperial Glass Corp. at Bellaire, with about 30 per cent of the out-

Workers Remain Out In Laughlin Dispute

The Homer Laughlin China Co. at Newell remained shut down today when workers ignored instructions of the International Brotherhood of Potters to return to work in the dispute which erupted early Tuesday morning.

J. B. Cartwright, personnel manager for the company, said some crews showed up for work but refused to cross picket lines established by the finishers, members of IBOP Local 321.

IBOP officials yesterday termed the walkout a "wildcat" strike and ordered workers to resume their regular shifts today pending negotiations of grievances.

Approximately 2,000 are affected by the shutdown.

MEMPHIS, Tenn. (AP) — Joe Henderson pleaded innocent in City Court Tuesday to a charge of running a red light.

"There's no light there," Henderson told Judge Ray Churchill. The judge checked, agreed and dismissed the charge.

To Counter Isolationists

Nixon Urges Rebirth In National Idealism

Addresses Graduates In Air Force

Warns Of Potential Adversaries Abroad And Critics Here

COLORADO SPRINGS, Colo. (AP) — President Nixon told graduates of the Air Force Academy today that the nation needs "a resurgence of American idealism" to counter new isolationists who have declared "open season on the Armed Forces."

In an address prepared for the academy's commencement exercises, Nixon told the young men entering military service that "potential adversaries abroad were never stronger and your critics at home were never more numerous."

The President said the critics are for a return to isolationism and that their appeal, with such slogans as "Let's first solve our own problems and then we can deal with the problems of the world," should never be underestimated.

He said they offer a simple formula, that "touches a responsive chord with many an overburdened taxpayer." But he said that adoption of their views would be disastrous for the nation, would leave the world "living in terror" in the kind of peace "that suffocated freedom in Czechoslovakia."

Nixon said, "I believe a resurgence of American idealism can bring about a modern miracle —a world order of peace and justice."

While some see the nation's commitments around the world as a form of militarism, he said abandonment of them would be "to have America turn away from greatness." The commander in chief said:

"Skeptics do not build societies; the idealists are the builders. Only societies that believe in themselves can rise to their challenges. Let us not, then, pose a false choice between meeting our responsibilities abroad and meeting the needs of our people at home. We shall meet both or shall meet neither."

Nixon stopped overnight in Colorado Springs before heading west to his new California home, and, on Sunday to Midway Island for a summit conference with President Nguyen Van Thieu of South Vietnam.

At no point in his academy address did he make any substantive reference to the Vietnam war.

The President said his remarks about new isolationists did not refer to "those responsible critics who reveal waste and inefficiency in our defense establishment, who demand clear answers on procurement policies, who want to make sure a new weapons system will truly add to our defense."

Hearing Set In Slaying At Midland

A preliminary hearing will be held tonight at 7:30 at the Midland police station for Pedro Borges, 37, of Midland, accused of murder in the slaying of a Midland woman.

The hearing originally had been scheduled for Tuesday night, but was set back. Justice of the Peace Stephen Germusa will preside.

Borges has been held in Beaver County Jail since his arrest following the shooting of Miss Betty Byrd, 26, of 438 Beaver Ave. May 25 at 2:22 a.m. in her apartment.

A .32-caliber revolver, apparently the murder weapon, was found in the apartment.

Ward Changes Awaited

City Faces Realignment Of Voting Districts

(This is the first of a series of stories by Robert Popp, Review reporter, concerning redistricting due in East Liverpool.)

By ROBERT POPP

Within a couple of years, many East Liverpool residents may find themselves living in another ward without having changed their home addresses.

Councilmen expect to be required to redraw the lines of the city's four wards under the U. S. Supreme Court's "one man, one vote" rule that already has caused realignment of U. S. congressional districts and other traditional election boundaries all across the nation.

There will be no changes in the lines for this year's municipal election because the machinery already has rolled too far along the road. But before the wheels begin to turn for the next election of city officials in 1971, Council expects the ward lines will have to be redrawn.

—:—

THE SUPREME Court held that districts should be as nearly equal in population as possible, whether they affect the election of congressmen, state senators, district judges or local officials.

East Liverpool's four wards, which have remained unchanged for many years, obviously are widely mismatched from a voter population standpoint.

The First Ward showed 1,744 voters, as of last Jan. 1. It was nearly 1,000 behind the city's largest ward, the Second, which had 2,682. The Fourth Ward, slightly larger than the First, showed 1,958 voters. And the Third Ward trailed the list with 1,300.

East Liverpool elects four of its seven councilmen by wards and picks three others on an at-large basis. Emphasizing the disproportionate sizes on the present basis, Councilman John Wilson of the Second Ward represents twice as many voters as Councilman James Lowe of the Third Ward.

The Supreme Court's ruling decreed that each must represent an equal number of residents. The number of qualified city voters fluctuates constantly, depending upon interest in pending elections, so the wards obviously would have to be redrawn on the basis of total population, not voter population.

—:—

A REALIGNMENT on the basis of present registration would give each ward councilman 1,922 persons to represent. But dividing them equally on the basis of the city's overall population of approximately 22,000

Search Halted For 73 After Sea Collision

Navy Says It Is Sure All Survivors Have Been Rescued

PEARL HARBOR, Hawaii (AP) — The Navy has called off its search for 73 seamen missing from a U.S. destroyer cut in half by an Australian carrier during SEATO maneuvers.

"We have absolute confidence that we have picked up all survivors" said a Navy spokesman in announcing the end of search operations by 10 ships from three nations.

Most of those given up for lost —nearly a third of the destroyer Evans' crew—were presumed sleeping in their bunks in the forward part of the ship when it was hit by the carrier Melbourne, flagship of the Australian Navy, in pre-dawn hours about 650 miles southwest of Manila in the Philippines Tuesday. The foward section quickly sank in 5,400 feet of water.

Seas were calm and skies clear at the time of the collision and remained so during the rescue efforts.

Adm. John J. Hyland, Pacific Fleet commander, ordered a court of inquiry similar to the Navy's probe into the seizure of the intelligence ship Pueblo.

The still-floating stern section of the Evans was being towed to the Philippines by a fleet tug late Tuesday when the Pentagon began releasing names of the casualties.

Among the lost were the three Sage brothers of Niobrara, Neb. —Boatswain's Mate 2.C. Gary, 22, Radarman 3.C. Gregory, 21, and Seaman Appren. Kelly, 19.

Fireman Lawrence J. Reilly Jr. of Costa Mesa, Calif., perished, but his father, Senior Chief Gunner's Mate Lawrence J. Reilly Sr., was a survivor.

Navy headquarters listed 199 Evans survivors and one dead in addition to the 73 missing. The Melbourne had no casualties.

One of the survivors was Seaman Marcus Rodriguez, 20, Fresno, Calif., who was flown to a hospital in Cam Rahn Bay with a broken leg.

"I still can't believe it," he said. "The only thing I recall is a helicopter taking me somewhere."

2 West Virginians Among 73 Missing

PEARL HARBOR, Hawaii (AP) — The Navy has listed two West Virginia sailors among the 73 men missing from a U.S. destroyer which was cut in half in the South China Sea by an Australian aircraft carrier Tuesday.

They were identified as Seaman Apprentice James Robert Baker of Weirton and Electronic Technican 3.C. Larry Cool of Lookout in Fayette County.

Still Claim Best Position

Captured Papers Show Red Losses

SAIGON (AP) — Piles of captured documents show the Communist high command in Vietnam is acknowledging grave battlefield reverses, but insisting its forces still occupy "the most advantageous position."

Plans have been drawn for a series of summer and fall campaigns which the Reds hope will drive that latter point home to the United States and to the world.

Extensive documentation indicates that the prime fear of Hanoi's war strategists is that a strong government may emerge in Saigon behind a shield of American guns, a shield that stays in place even though U.S. public opinion seeks a troop pullout.

Such a troop withdrawal is seen by the Communist command as being deliberately slowed, to enable the South Vietnamese to better handle their military future without American forces.

Instructions carried by courier to many parts of Vietnam in the past month make future strategy clear: "Destroy the belief of the United States in the illusion that the war can be de-Americanized successfully, and that they can attain a superior position in peace negotiations."

To bring this about the high command evidently has ordered a new summer offensive against Saigon incorporating the "new tactics" of striking with small, secret forces in the heart of the capital while larger units engage at the outskirts.

The objective is to collapse or discredit the central government "and force the United States to accept the inevitable, one way or another, either honorably or dishonorably," as one recent document from Liberation Army headquarters put it.

Senate Unit Approves Burger

Man Similar To Burger Urged For High Court Post

WASHINGTON (AP) — Two ranking senators, enthusiastic about the appointment of Warren E. Burger to be chief justice, say they want a man just like him named to the remaining Supreme Court vacancy.

Chairman James O. Eastland, D-Miss., and Minority Leader Everett M. Dirksen, R-Ill., voiced the recommendation Tuesday as the Senate Judiciary Committee unanimously approved Burger's nomination.

Both Dirksen and Eastland said they hope when President Nixon chooses a successor to Abe Fortas, it will be a man with a background and record similar to that of Burger.

Dirksen said he hopes for a nominee in the law and order image of the chief justice-designate.

The remaining court vacancy was created by Fortas' resignation under fire, which led to Senate forecasts that any new nominees would undergo searching examination before confirmation.

In Burger's case, that meant one hour and 45 minutes before the Judiciary Committee, followed by immediate approval.

"I think it was as searching as it had to be," said Dirksen, senior Republican on the committee.

He said Burger's 13-year record as a federal appeals court judge supplied all the record needed "You don't have to probe very deeply," he said.

Eastland agreed.

Senate Majority Leader Mike Mansfield, who had said extensive investigation of appointees was likely after the Fortas affair, found the committee hearing adequate. He said advance investigation of nominees is the important thing.

Eastland said he had done some advance checking of his own. He said there was no inquiry by the Judiciary Committee staff ....

"I've known the man for 15 years," he said. "He's a very able judge."

There was a standard, advance check by the Federal Bureau of Investigation. Under committee procedures, only Eastland saw the report on that inquiry.

The Judiciary Comittee will advise the Senate formally Thursday that it has approved Burger's appointment, and the nomination may be confirmed by the Senate next Monday.

June Works Out Bugs In Weather Picture

June appears to be working out some of the weather quirks which have been bugging her the last few days.

While not a complete turnabout, things appear to be settling into a fairly normal pattern.

The forecast calls for increasing cloudiness and not so cool tonight, with a low in the 50s.

Thursday will see considerable cloudiness, little change in temperature and a chance of showers. Precipitation is in prospect also Friday through Monday.

In Burger's case, that meant one hour and 45 minutes before the Judiciary Committee, followed by immediate approval.

"I think it was as searching as it had to be," said Dirksen, senior Republican on the committee.

He said Burger's 13-year record as a federal appeals court judge supplied all the record needed. "You don't have to probe very deeply," he said.

Eastland agreed.

Senate Majority Leader Mike Mansfield, who had said extensive investigation of appointees was likely after the Fortas affair, found the committee hearing adequate. He said advance investigation of nominees is the important thing.

Eastland said he had done some advance checking of his own. He said there was no inquiry by the Judiciary Committee staff . . . .

"I've known the man for 15 years," he said. "He's a very able judge."

There was a standard, advance check by the Federal Bureau of Investigation. Under committee procedures, only Eastland saw the report on that inquiry.

The Judiciary Comittee will advise the Senate formally Thursday that it has approved Burger's appointment, and the nomination may be confirmed by the Senate next Monday.

June Works Out Bugs In Weather Picture

June appears to be working out some of the weather quirks which have been bugging her the last few days.

While not a complete turnabout, things appear to be settling into a fairly normal pattern.

The forecast calls for increasing cloudiness and not so cool tonight, with a low in the 50s.

Thursday will see considerable cloudiness, little change in temperature and a chance of showers. Precipitation is in prospect also Friday through Monday.

It Took 4 Haircuts To Please Teacher

WELLINGTON, New Zealand (AP) — It took four haircuts before 16-year-old Gordon Hislop was able to please his school headmaster in the town of Wainuiomata.

Gordon arrived at school after the holidays to be greeted by an irate headmaster, John B. MacGregor, who described the mop as that of a "golliwog."

Sixth - former Gordon was told to have it cut. The headmaster was still not satisfied.

Three haircuts later, Gordon was allowed to take his place in the classroom.

Refrigerated Ships To Transport Exports

MELBOURNE (AP) — A fleet of more than 50 refrigerated ships has been assembled by the Australia to Europe Shipping Conference to transport this season's Australian apple and pear exports.

The ships have been drawn from West Germany, Norway, Denmark, the United Kingdom and Israel.

The season's crops are estimated at seven million bushels and will be moved in container ships for the first time.

Board To Air 7 Offers For Gas, Oil, Salt

Mayor George E. Willshaw and Safety-Service Director Robert E. Vodrey took under advisement Tuesday bids received from seven concerns on a year's supply of gasoline, oil, road salt and other materials for use of the fire, police, street and incinerator departments.

The Robert Snyder Construction Co. of Hanoverton submitted the lone offer of 9½ cents a gallon for 50,000 gallons of road oil for use in laying summer dust on unimproved streets. The price includes delivery to the city's storage tanks. The bid said the firm will allow a discount of a half-cent a gallon if the account is paid by the 10th of the month following delivery.

The officials also took under study bids on 15,000 gallons of gasoline, 500 gallons of motor oil, 1,000 gallons of diesel fuel, 200 gallons of hydraulic oil and 300 tons of road salt for the winter snow-removal program.

The Standard Oil Co. offered regular grade gasoline at 18.1 cents a gallon, plus 7 cents state tax, and high-test gasoline at 21.1 cents a gallon, plus the same tax. It offered two grades of diesel fuel at 15½ cents and 16.2 cents a gallon, respectively, exclusive of tax.

Standard also offered various grades of motor oil at prices ranging from 74 cents to $1.08 per gallon, depending upon the grade and type of container used. It offered hydraulic oil at 67 and 70 cents a gallon.

The Hays Oil Co. offered regular grade gasoline at 17.1 cents a gallon plus 7 cents state tax, for a total of 24.1 cents a gallon "subject to increase or decrease in the local market." It did not bid on high-test gasoline.

Hays Oil offered oil in 55-gallon drums at 84 cents a gallon, hydraulic oil at 66 cents a gallon and diesel fuel at 14.9 cents a gallon.

Four firms bid on the city's road salt requirements.

Cargill, Inc., of Minneapolis, Minn., offered the material at $14.60 a ton. With a corrosion inhibitor added, the salt would cost $17.60 a ton, it said. Both prices include delivery to East Liverpool.

International Salt Co. of Clark Summit, Pa., bid $14.60 a ton on rock salt, with prepaid delivery in 21-ton loads.

The Diamond Crystal Salt Co. of St. Clair, Mich., bid $13.60 a ton for bulk delivery of salt. Its quotation specified that city trucks would pick up the material after it was shipped to the Parsons Coal Co. here.

The Morton Salt Co. of Wadsworth, Ohio, offered salt at $14.60 a ton, delivered in 21-ton lots. It specified a price of $9.40 a ton if city trucks pick up the material at its facilities at Fairport, near Painesville on Lake Erie.

Industry And Road Accident Cost High

LONDON (AP) — Industrial and road accidents cost Britain 500 million pounds (1.2 billion) a year — or 10,000 pounds ($24,000) a minute, according to latest figures.

"Five million working days are lost each year through industrial disputes, but we lose 24 million days as a result of accidents," said former attorney-general Lord Shawcross.

He was launching a 250,000 pound ($600,000) appeal to aid research by a medical commission on accident prevention during the next 10 years.

North Viet Progress Cited

Faster-Firing Guns Due U.S. Jet Planes In Viet

WASHINGTON (AP) — Faster-firing, harder-hitting guns are being planned for U.S. jet fighters because of dramatic progress made by North Vietnamese pilots against American planes.

Air Force work on developing the gun will start in the coming fiscal year and the weapon will be installed in the F15, a jet fighter designed to provide clear U.S. superiority over any Russian-built jets in the 1970s.

Dr. John S. Foster, the Pentagon's research chief, disclosed recently that North Vietnam's fighter pilots were battling U.S. war planes on almost even terms in the latter stages of the air war.

Foster told Congress:

"During air operations over North Vietnam in 1967 we commanded a five-to-one aircraft kill ratio in air-to-air engagements. In fiscal 1968, the North Vietnamese cut our advantage by destroying 26 U.S. aircraft while losing 31 of their own.

"Fiscal year 1970 plans include engineering development of gun systems optimized for air-to-air combat and a family of improved 20mm rounds characterized by increased mass, size and impact energy."

Asked about this, the Air Force credited North Vietnamese dogfight gains to improved tactics, far better use of ground radar control, and "very selective" choice of combat by North Vietnamese pilots.

"They stopped 'mixing it up' and instead made carefully controlled missile firing passes only when conditions were extremely advantageous to them," the Air Force spokesman said.

Furthermore, North Vietnamese pilots used their best planes—the MIG 21—almost exclusively for challenging U.S raiders, the Air Force said, and sent up older model MIGs only as decoys.

The Air Force denied that any deficiencies in U.S. weapons were responsible for the loss of the earlier U.S. combat advantage in 1968.

At the same time, there were reports that a secret study of the performance of U.S. planes and pilots over North Vietnam pointed out deficiencies in certain equipment.

These reported deficiencies, it was learned, will lead to improvements in F15 gear, including better equipment for telling friend from foe at long distances.

The Journal of the Armed Forces said the "Red Baron study" disclosed that in about 25 per cent of the aerial engagements, enemy pilots were able to swing their planes behind U.S. aircraft before being detected.

This gave the surprised U.S. pilots little chance to evade before being attacked.

Thus, the F15 will incorporate advances in long range airborne radar technology.

Balthazar, Caspar and Melchior were the names of the Biblical wise men in the East.

$4,560 Offer Filed By Firm On Jail Work

A Virginia firm filed the lone offer of $4,560 Tuesday afternoon with Mayor George E. Willshaw and Safety - Service Director Robert E. Vodrey for renovation and modernization of the 35-year-old City Jail.

The Roanoke Iron & Bridge Works, Inc., of Roanoke submitted a bid covering replacement of the locks on the cell doors and the heavy overboard metal rollers on which the doors are moved.

It also includes replacement of some of the heavy wire mesh screen on exterior windows and a new security system to prevent visitors from passing objects to prisoners through the metal doors giving access to the two cellblocks. Each solid metal door has a small opening through which visitors may talk with inmates.

The mayor and director took the offer under advisement. Council provided $5,000 in the annual appropriation ordinance to cover the renovation. The condition of the jail was criticized several times by the Health Board late in 1968.

In obtaining the estimate on the replacement of the cell locks, city officials located a Cleveland concern which supplied the equipment originally when the jail was erected in 1934 as part of the City Hall. Since the present locks are made in different shape, it will be necessary to cut out the old locks with an acetylene torch and then install the new devices, welding them in place.

County 4-H Band Awaits Practice

LISBON — Kirby Reese, Leetonia musician, will direct the Columbiana County 4-H band this summer, according to Gordon L. McDonald, county 4-H agent.

The first practice will be held June 11 from 6:30 to 8:30 p.m. at the Lisbon Grange Hall. McDonald said the band is open to boys and girls who will be in grades 7-12 next fall as well as those who graduate from high school this month.

Summer activities will include parades and concerts, a weekend at Camp Whitewood in Ashtabula County and a trip to the Ohio State Fair.

A 1968 graduate of Leetonia High School, Reese was a member of the 4-H band and his high school band. He is studying music in Youngstown.

McDonald said groups wishing to engage the band for a parade or concert may make arrangements through Mrs. Raeanna Hobart, Lisbon RD 5.

Recorder And Radio Taken At City School

A shortwave radio receiver and a cassette recorder valued at a total of $160, along with other property, were taken in an entry at East Junior High School reported to police Tuesday.

The thief also took $1 in change from a milk vending machine. There was no sign of forcible entry. Officers said the building was entered between 11 p. m. Monday and 9:07 a. m. Tuesday.

Meanwhile, the A. M. Auto Equipment Co. of E. 6th and Walnut Sts. reported Tuesday a tape player, three tapes and a radio were stolen from a company - owned truck while it was parked on a lot next to the store on Saturday.

Former Ohio Official Dies Of Heart Failure

COLUMBUS, Ohio (AP) — C. C. Crabbe, 90, of Bexley, Ohio attorney general from 1923-27, died Tuesday in Grant Hospital of heart failure. He had been hospitalized since April 8.

Crabbe, also a former state legislator, had remained active in his later years. At 89 he served as foreman of the Franklin County Grand Jury.

May 'Foster Paper Garbage'

New Guidelines Are Set For Medical Experiments

WASHINGTON (AP) — The federal government has quietly put out new guidelines for medical experiments on humans, but an official concedes the chief result may be to "foster a lot of paper garbage."

Despite debate over greater protection for organ-transplant patients, the new guidelines are almost exactly the same as ones published in 1966, a year and a half before the world's first heart transplant.

They were mailed last month to institutions sharing some $300 million a year for research involving human beings.

A spokesman for The National Institute of Health said a deliberate effort was made to avoid public announcement.

"As you know there was a raging public debate and we didn't see any need to become more involved in the controversy," an NIH official said.

The guidelines, dated May 1, were sent out just as the debate over heart transplants flared anew with accusations that Dr. Denton A. Cooley had used an artificial heart developed under a federally funded program without permission of the program's director.

Cooley implanted the device at Baylor University medical school in a patient who later died. He first said the device was not developed under the federal program, but a university investigation later disclosed that it was.

A university promise to tighten compliance with federal guidelines apparently satisfied the National Heart Institute and no action was taken to cut off federal funds, which is the only penalty provided under the 1966 rules and the new ones.

An NIH official said the organization is not a regulatory agency such as the Food and Drug Administration and "We're mainly interested in getting programs finanaced."

The chief requirtment of the 1966 guidelines was that institutions harboring such research set up boards for "initial and continuing" review of the projects.

The original guidelines also required institutions to submit written assurances that not only would such reviews be held but that they would include complete protection of an individual's rights.

This included obtaining "informed consent" and making sure there was a full evaluation weighing potential bentfits against risks.

Six months after the guidelines were published, the requirement for sending in written assurances was suspended because of complaints it caused too much paperwork.

Written assurances however were required to be on file within the institution, the spokesman said.

The new guidelines reinstate the requirement that written assurances be sent to Washington, whenever possible with the application but in all cases before any money is handed out.

Although the only penalty provided for violating the guidelines remains a cutoff of federal funds, the official said the new rules represented a "harder line" and would bring increased pressure on institutions.

"The trouble has been," he said, "there has been no way we can make sure a doctor doesn't get carried away with his enthusiasm and forget the niceties of keeping people informed."

Barges Ordered By Weirton Steel

The Weirton Steel Division of the National Steel Corp. has ordered 22 open hopper barges, specially built for operation on the Monongahela River, from the Dravo Corp. at Pittsburgh.

Designed specifically for operation on rivers with small lock chambers, the barges will measure 175 by 26 by 11 feet.

The vessels will be used for movement of coal on both the Monongahela and the upper Ohio Rivers.

Dravo will build the all-welded, steel barges at its boatyard on Neville Island in the Ohio River near Pittsburgh. They are scheduled for completion in September.

When the new barges are delivered, Weirton Steel will have a fleet of 97.

Three Of Family Die Of Monoxide Fumes

CINCINNATI (AP) — Three members of a suburban Norwood family were overcome by carbon monoxide fumes and died at their home early today, police reported.

Three others were hospitalized.

Source of the fumes was not determined immediately.

The dead were identified as Kirtley Smith, 44; a son, 9-month-old Ronald Smith, and a step-daughter, Sherry Randall, 11.

Hospitalized in serious condition was the mother, Frances, 28. In serious condition were two other children, Curtis Smith, 7, and Veronica Randall, 12.

The modern veneer manufacturer mounts the log on a huge lathe and presses a knife against it while the log revolves. The wood is peeled off like paper being unrolled.

Mishap Blamed On Drifting Car

A car which drifted from a parking place was blamed for a mishap about 3 a. m. today on St. Clair Ave. at Ray St., police reported.

Albert Hampson of Grimms Bridge reported his 1957 model car drifted and struck the parked 1968 model auto of Thomas Illig of 1048 St. Clair Ave. There was damage to the hood of Hampson's car and the left front fender and bumper of Illig's auto, officers said.

A mishap on Market St. 25 feet south of E. 5th St. Tuesday involved a parked 1968 auto owned by Bloor's Pharmacy and a Postal Department truck driven by Mrs. Karen Lee Low, 21, of Rogers.

The woman said she was pulling in to the curb to pick up mail when the truck bumped the parked car. Lawrence G. Jackson Sr., 70, of Lisbon St. Ext. was identified as the driver of the pharmacy's auto.

Ohioan One Of Three Killed In 3-Car Wreck

CHICAGO (AP) — Three persons, including an Ohioan, were injured fatally Tuesday in a three-car collision on the Kennedy Expressway.

They were Juan Pedrozan, 30, of rural Defiance, Ohio, John A. Severinchek, 48, and Mrs. Jannette Neuner, 40, both of Chicago.

North Viet Progress Cited

Faster-Firing Guns Due U.S. Jet Planes In Viet

WASHINGTON (AP) — Faster-firing, harder-hitting guns are being planned for U.S. jet fighters because of dramatic progress made by North Vietnamese pilots against American planes.

Air Force work on developing the gun will start in the coming fiscal year and the weapon will be installed in the F15, a jet fighter designed to provide clear U.S. superiority over any Russian-built jets in the 1970s.

Dr. John S. Foster, the Pentagon's research chief, disclosed recently that North Vietnam's fighter pilots were battling U.S. war planes on almost even terms in the latter stages of the air war.

Foster told Congress:

"During air operations over North Vietnam in 1967 we commanded a five-to-one aircraft kill ratio in air-to-air engagements. In fiscal 1968, the North Vietnamese cut our advantage by destroying 26 U.S. aircraft while losing 31 of their own.

"Fiscal year 1970 plans include engineering development of gun systems optimized for air-to-air combat and a family of improved 20mm rounds characterized by increased mass, size and impact energy."

Asked about this, the Air Force credited North Vietnamese dogfight gains to improved tactics, far better use of ground radar control, and "very selective" choice of combat by North Vietnamese pilots.

"They stopped 'mixing it up' and instead made carefully controlled missile firing passes only when conditions were extremely advantageous to them," the Air Force spokesman said.

Furthermore, North Vietnamese pilots used their best planes—the MIG 21—almost exclusively for challenging U.S raiders, the Air Force said, and sent up older model MIGs only as decoys.

The Air Force denied that any deficiencies in U.S. weapons were responsible for the loss of the earlier U.S. combat advantage in 1968.

At the same time, there were reports that a secret study of the performance of U.S. planes and pilots over North Vietnam pointed out deficiencies in certain equipment.

These reported deficiencies, it was learned, will lead to improvements in F15 gear, including better equipment for telling friend from foe at long distances.

The Journal of the Armed Forces said the "Red Baron study" disclosed that in about 25 per cent of the aerial engagements, enemy pilots were able to swing their planes behind U.S. aircraft before being detected.

This gave the surprised U.S. pilots little chance to evade before being attacked.

Thus, the F15 will incorporate advances in long range airborne radar technology.

$4,560 Offer Filed By Firm On Jail Work

A Virginia firm filed the lone offer of $4,560 Tuesday afternoon with Mayor George E. Willshaw and Safety - Service Director Robert E. Vodrey for renovation and modernization of the 35-year-old City Jail.

The Roanoke Iron & Bridge Works, Inc., of Roanoke submitted a bid covering replacement of the locks on the cell doors and the heavy overboard metal rollers on which the doors are moved.

It also includes replacement of some of the heavy wire mesh screen on exterior windows and a new security system to prevent visitors from passing objects to prisoners through the metal doors giving access to the two cellblocks. Each solid metal door has a small opening through which visitors may talk with inmates.

The mayor and director took the offer under advisement. Council provided $5,000 in the annual appropriation ordinance to cover the renovation. The condition of the jail was criticized several times by the Health Board late in 1968.

In obtaining the estimate on the replacement of the cell locks, city officials located a Cleveland concern which supplied the equipment originally when the jail was erected in 1934 as part of the City Hall. Since the present locks are made in different shape, it will be necessary to cut out the old locks with an acetylene torch and then install the new devices, welding them in place.

Advance In Heart Saving

"Speed kills" is a truism when applied to fast driving but "speed saves" can be as true a statement when applied to getting medical assistance to a heart attack victim.

Acting on this fact, Cleveland soon may try out a hospital-on-wheels to provide quick medical aid to a person suffering an attack.

A COMPARABLE UNIT which has been in service in New York City since last October has proved extremely effective and is credited with saving from 74 to 77 heart attack victims within the first two months of its existence.

Dr. William J. Grace, chief of medicine at New York City's St. Vincent Hospital, observing that the large proportion of heart attack victims die within the first two hours, said: "If we can get to the victim before that point, a tremendous reduction of deaths will occur."

Based on this knowledge, the concept of taking the hospital to the patient rather than the patient to the hospital is logical. Dr. Grace believes the high percentage of "saves" achieved by the New York mobile heart-saver squad is due to the fact that the emergency unit reached the attack victims within 7 to 14 minutes.

Plans for a Cleveland heart-saver squad call for it to be run by a team of specially trained nurses, operate from a fire station and be administered by the heart association.

THE FAST-ACTING AMBULANCE service would seek to carry with it an electrocardiograph to determine the amount of heart damage and a defibrillator to keep the heart pumping.

The idea of the mobile heart-saver seems sound. If it proves successful in Cleveland, other communities throughout the state should not be far behind in providing such a service for their citizens.

Helping Others Help Themselves

The foreign aid request from President Nixon has sparked the usual debate in Congress and more heated exchanges will take place before a final figure is agreed upon.

Mr. Nixon asked approval from Congress for expenditure of $2.66 billion economicand military aid to foreign countries in the next fiscal year.

He said authorization for the spending would show support of "a world order of peace and justice."

Flowery phrases notwithstanding, Americans still want answers to the same questions that have been asked for years: Is there waste in the program? Are goals of foreign assistance being met?

Information contained in news dispatches points to various types of waste from excessive manpower to useless projects.

It also is clear that some foreign aid goals are not being achieved.

The foreign aid program will never die because the United States definitely does get a return on its investment.

However, the American public has the right to keep the pressure on for elimination of waste, periodical re-evaluation of various phases of the aid program and a shift to loans instead of grants.

One encouraging feature of Mr. Nixon's proposal was mention of the creation of an overseas private investment corporation which would induce investment of U.S. capital into private enterprise development activities in underdeveloped nations.

This type of operation would be an extension of the free enterprise system that would be extremely helpful to less developed countries and head off later problems that could affect the United States.

There is no reason to look at the American foreign aid program as a great big philanthropic endeavor — it isn't that at all. The United States is helping itself when it helps other nations.

The best way to assist other countries is to help them help themselves.

That should be the thrust of our foreign aid program.

Labor In Housing

At its founding conference, the Alliance for Labor Action (ALA) took a firm stand in favor of mass-produced housing which is contrary to the position of the AFL-CIO.

The rivalry that has been touched off is likely to shake the labor movement for sometime to come.

THE ALA WAS FORMED by the marriage of United Auto Workers and the Teamsters Union. Officials deny the joint effort is in competition with the AFL-CIO.

Nevertheless, the proposal by UAW President Walter Reuther that the nation's housing needs be met by production techniques used in the automotive industry is in direct conflict with warnings issued by C. J. Haggerty, chief of the AFL-CIO Building Trades Department.

Mr. Haggerty has been saying that mass production of prefabricated housing could cost thousands — and perhaps millions — of AFL-CIO members their jobs.

This unique development within the ranks of organzied labor will bear watching. Time will tell whether creation of the ALA will have a positive effect, or whether divergent policies of the two labor groups will be detrimental to the welfare of the nation.

It is readily evident that some new thinking is needed on the part of building trades people.

Their insistence on higher and higher wages regardless of what it does to the economy or the limitation it places on their customer market is disastrous.

When the inflation ax falls on the building trades stretched neck, perhaps the point finally will be made.

UNFORTUNATELY, when that happens a lot of other people are going to feel the blade.

It could be that an organization like the ALA has the ability to precipitate new thinking and new goals within labor that will prove valuable in solving the many problems confronting the nation.

It is not yet time to get overly excited about the new labor wrinkle but it certainly is more pleasant to contemplate than the usual brand of union news.

Ra Is On Its Way

Thor Heyerdahl's papyrus boat is bobbing along somewhere in the Atlantic as the explorer and his crew attempt to show how ancient Egyptians could have sailed to Central America 5,000 years ago.

The adventurer left Morocco last week in his 15-ton reed boat. His first enthusiastic report has been carried by the Cairo newspaper Al Ahram and declares that Ra "has successfully braved 10-to-12-foot waves" and "rides high like a huge pelican."

That Ra is still afloat sinks some of the predictions of skeptics who claimed the reeds would become waterlogged right away and sink.

Others are skeptical of the value of the trip should it be completed. They just have no faith in his hypothesis that a trans-Atlantic migration could have carried early Egyptian culture to Central America.

Nevertheless, authorities do not scorn author-explorer Heyerdahl. It was 22 years ago that he sailed the Pacific on his South American balsa raft Kon Tiki to prove the Pacific Islands could have been settled from the American side of the ocean rather than the Asian side.

The skeptics give him credit for financially supporting scholarly work and for stirring interest in early maritime contacts with his latest voyage.

To those outside the expert range in the field of American prehistory, the dangerous journey by Mr. Heyerdahl and his crew in search of evidence to prove a theory has a fascinating ring of high adventure.

They are with the Ra in spirit and wish for it a safe trip.

Letters To The Editor

A column written by Raymond Moley and entitled Nixon's Budget appeared in The Review May 12.

Upon first reading this article, I was a little confused and uncertain about the opinions and so-called "conclusions" that Mr. Moley expressed.

His article was concerned with Nixon's cut in spending for fiscal 1970, and how there will definitely be a greater deficit if considered under the "traditional" budget plan.

Moley's first fallacy pertains to the "trick" used by Nixon in adding the receipts of the trust fund to the administraive budget. The trust fund income had always been kept separate. But, this new policy of budget was first used by President Johnson, and has been in effect since 1968. Moley states that the cut should be $10 billion instead of President Nixon's figure of $5.5 billion. Actually, any cut of expenditures on Nixon's part will have a deflationary effect.

Another repugnant factor was his belief that buying existing securities would be less inflationary. This is not true. If securities are bought by the Federal Banks from commercial banks, the Federal Reserve pays for these securities by merely increasing the reserves of the commercial banks. Therefore, not only are the reserves increased, but also the lending ability of the commercial banks.

The same holds true when government bonds are bought by commercial banks from individuals and business concerns. If securities were purchased from the general public in open-market operations, the commercial bank reserves would still have an increasing effect. In any case, even if the government goes to the open-market, the reserves and demand deposits will increase as well as the money supply.

There is also a loop-hole in Mr. Moley's belief that national debt will rise when more supplies is shown by the government. He declared that if the surplus is used to buy existing securities, this will not increase National Debt and will not be inflationary. The first part of his statement is true: it won't increase national debt, but contrary to his belief, it will be inflationary.

Finally, if the government used its surplus from the trust fund to buy new securities, this would increase national debt. But, the government would never do this because if one has a surplus then why borrow more by issuing new securities?

This article exemplifies how wordiness and clever writing can overpower the meaning of written words. Don't believe everything on the printed page. Be critical.

VICTOR RIESEL

A Spotlight On Hollywood

WASHINGTON — The Justice Dept., to paraphrase an old Broadway title, is trying to pull a camera "through a needle's eye."

It's investigating Hollywood.

Victor Riesel

For almost a month now, agents of the Civil Rights Division, the Equal Employment Opportunity Commission (EEOC) and even a team or two of FBI agents, have been looking into official charges that the film industry, the studios and the craft unions have locked out Negro and Mexican-American technicians.

The script was prepared by Clifford Alexander Jr. in his curtain act as chairman of the EEOC. The probe was produced by the Justice Dept. after the formal charges of a "pattern and practice of discrimination as outlined in Section 707 of the Civil Rights Act of 1964," were forwarded by Mr. Alexander's successor, the 41-year-old former Philadelphia lawyer, William H. Brown.

But don't look for glamor on the witness stand if there is no out-of-court settlement. There are no charges against the "talent" unions, otherwise known as the Screen Actors Guild, the Screen Extras Guild and other affillates of the Associated Actors and Artists of America (the four A's).

NONETHELESS, there is sharp excitement in what the trade calls the street in New York. Apparently the Civil Rights Division is determined to prove that there is no business like show business when it comes to "exclusion of minority employment."

The Justice Dept.'s "internal" documents show that the EEOC has done a statistical rundown on hiring of Negroes and craftsmen with Spanish surnames — and on their membership in Hollywood's craft unions as well.

These reports, now being studied here, show that there is no Negro among the 288 officials and managers making up the personnel of Walt Disney Productions.

There are nine Negroes among the firm's 900 white collar employes.

At Warner Bros.-Seven Arts, there are 184 union technicians. One of them is Negro. Of Warner's 250 office and clerical workers, only seven are black.

At the Universal studios, there are three Negroes among the 361 officials and managers.

At Twentieth Century-Fox, there are 174 technicians who are unionized craftsmen. There is no Negro among them. Of Twentieth's 433 office and clerical employes, seven are Negroes. And of 695 professional employes, nine are black.

Justice Dept. fellows say this will be an "even-handed" investigation. They are "lensing," as the trade says, the Hollywood locals of the International Alliance of Theatrical and Stage Employes. Of some 400 IATSE members on the lots, eight are black. Among the 40 illustrators and artists, there are no Negroes.

"WE'VE ALSO FOUND a comparable situation among those with Spanish surnames," said one Civil Rights Division officer.

Mr. Alexander, who still is one of the EEOC's five commissioners, is especially irked by the stage hands (IATSE, or "Yatsie," as it's called in the trade).

He told some of his colleagues the other day, for example, that while it takes 500 hours to train a pilot to handle a large jet, fly her and bring her down softly, the "lamp" local requires 2,100 hours to qualify for rating on the membership's "experience roster."

"Lamp-men" handle the big studio lights which turn the huge sound stage into brilliant sunlight, or stormy, or twilight settings.

These experience rosters, he reported, run on three levels. When a studio calls for a technician, the union dispatches the men available off the top of the list.

THUS IT IS NOT ALWAYS possible to get the 2,100 hours needed to get on the experience list — and so to be referred for studio work. Only when the union runs out of names on this roster can a producer go outside the local.

The crafts retort that they take all qualified technicians for whom there are jobs in the industry — but that the job market is tight and their own members should be sent out first. Mr. Alexander has charged that some locals control admissions by using a questionnaire which asks applicants where their father was born, or who referred them to the union, or who their union sponsors for membership are.

The film producers say simply they'll take any skilled craftsman, stagehand, grip, lampman, artist, film editor — anyone — if he qualifies and if he's dispatched by the union.

The EEOC sees all this as a pattern of exclusion. The Justice Dept. seeks the evidence. The courts could order the union lists opened, experience or no experience roster, and the studios opened, union contract or no union contract.

It's all set for an early showing — a premiere for the new administration.

Deadly Spray Cans

Information contained in a Food and Drug Administration (FDA) report on the lethal nature of a national spray-can kick should be widely disseminated.

FDA says 42 youngsters looking for a different kind of kick have died from inhaling the mist from a variety of spray-can products.

Youngsters apparently are spraying the products into plastic bags, then inhaling. An FDA spokesman said two or three sniffs are enough to freeze the youngster's esophagus, congest his lungs and cause death from asphyxia.

The culprit in most cases is Freon 12, an inert gas used to propel the products from cans.

The FDA has alerted the Pharmaceutical Manufacturing Association and the Toilet Goods Association to the seriousness of the matter. The organizations are launching a $75,000 education campaign against deliberate misuse of the sprays.

The Federal Trade Commission (FTC) has ordered manufacturers of the aerosol cans to label the containers with a warning.

Parents would be wise to point out the danger involved in spray-can sniffing right now instead of waiting for someone else to do it.

With 42 deaths occurring over the past two years, a warning to youngsters is in order.

A Lasting Peace

WASHINGTON — News that has portentous implications for the American people isn't always explained. There was, for instance, on Friday a meeting in London of a committee of the member nations of the North Atlantic Treaty Organization (NATO) to consider just when nuclear warheads should be used by conventional armies in Europe if there is an attack by the forces of the Soviet Union. The defense minister of Great Britain, the secretary of defense of the United States and the defense ministers from five other countries attended.

Since Canada has just announced an intended withdrawal of a part of ts land forces from Europe, there is a fear now that other members may wish to do the same thing. If there is a gradual diminution of the conventional armies, Moscow could undertake an invasion of West Germany—a member of NATO—or any other West European country. The chances of victory for the Communists would be increased substantially.

UNLESS TACTICAL nuclear warheads were used promptly, it could necessitate the employment of the most lethal of all nuclear weapons or a surrender by the western armies.

Melvin R. Laird, U.S. secretary of defense, on his return to Washington, expressed the hope that Canada would not withdraw any of its forces, as this might "snowball" into a general pull-out by other NATO countries. They would reason that there was no need to spend money on conventional forces, since a nuclear war is thought to be inevitable anyway if a clash comes.

The British minister of defense has expressed the hope that the Ottawa government will reconsider its policy and retain its current forces in Europe.

American officials are saying this country isn't committed to the use of the big nuclear bombs if the land armies of the East and West come into conflict with each other. But such an argument evidently does not seem as yet to alter the inclination of NATO countries to depend almost entirely on American nuclear power.

The North Atlantic Treaty obligates the United States immediately to respond to an attack against any member country in the alliance. No declaration of war has to be proclaimed, and the decision to order a nuclear retaliation would have to be made within a few hours.

The United States, of course, would prefer to see conventional armies employed to defend Europe and avoid the use of nuclear bombs and missiles. This is where the deterrent power of the anti-ballistic missile comes into the picture. Yet a congressional debate is going on here as to whether such weapons will even be manufactured. There are some representatives and senators who would rather see the money spent for social welfare projects in their states or districts. It seems incredible that they underestimate the need for nuclear equality or superiority as a means of preventing a holocaust.

What is happening today is that countries which have nuclear weapons are asking other governments to agree not to make them. While there has been talk of arms limitation by the nations possessing nuclear power, the objective is to preserve the existing nuclear capacity.

THE FACT REMAINS that the United States and the Soviet Union have enough nuclear bombs to destroy many hundreds of millions of human beings. The other countries which have some knowledge of how to make nuclear weapons do not have enough money to develop an adequate supply or to catch up with what has been accomplished in the last 20 years by the Soviet Union and the United States.

Instead of speech-making in Congress against the anti-ballistic missile program, a more constructive purpose would be served if the peoples of the world were to be fully informed about the present dangers of a nuclear stockpile. If the Soviet Union and the United States agreed to destroy all nuclear weapons, and representatives of an international body were to be permitted to witness the process so that the inspection would satisfy both sides, there would be an opportunity for mankind to enjoy a lasting peace.

Advance In Heart Saving

"Speed kills" is a truism when applied to fast driving but "speed saves" can be as true a statement when applied to getting medical assistance to a heart attack victim.

Acting on this fact, Cleveland soon may try out a hospital-on-wheels to provide quick medical aid to a person suffering an attack.

A COMPARABLE UNIT which has been in service in New York City since last October has proved extremely effective and is credited with saving from 74 to 77 heart attack victims within the first two months of its existence.

Dr. William J. Grace, chief of medicine at New York City's St. Vincent Hospital, observing that the large proportion of heart attack victims die within the first two hours, said: "If we can get to the victim before that point, a tremendous reduction of deaths will occur."

Based on this knowledge, the concept of taking the hospital to the patient rather than the patient to the hospital is logical. Dr. Grace believes the high percentage of "saves" achieved by the New York mobile heart-saver squad is due to the fact that the emergency unit reached the attack victims within 7 to 14 minutes.

Plans for a Cleveland heart-saver squad call for it to be run by a team of specially trained nurses, operate from a fire station and be administered by the heart association.

THE FAST-ACTING AMBULANCE service would seek to carry with it an electrocardiograph to determine the amount of heart damage and a defibrillator to keep the heart pumping.

The idea of the mobile heart-saver seems sound. If it proves successful in Cleveland, other communities throughout the state should not be far behind in providing such a service for their citizens.

Helping Others Help Themselves

The foreign aid request from President Nixon has sparked the usual debate in Congress and more heated exchanges will take place before a final figure is agreed upon.

Mr. Nixon asked approval from Congress for expenditure of $2.66 billion economicand military aid to foreign countries in the next fiscal year.

He said authorization for the spending would show support of "a world order of peace and justice."

Flowery phrases notwithstanding, Americans still want answers to the same questions that have been asked for years: Is there waste in the program? Are goals of foreign assistance being met?

Information contained in news dispatches points to various types of waste from excessive manpower to useless projects.

It also is clear that some foreign aid goals are not being achieved.

The foreign aid program will never die because the United States definitely does get a return on its investment.

However, the American public has the right to keep the pressure on for elimination of waste, periodical re-evaluation of various phases of the aid program and a shift to loans instead of grants.

One encouraging feature of Mr. Nixon's proposal was mention of the creation of an overseas private investment corporation which would induce investment of U.S. capital into private enterprise development activities in underdeveloped nations.

This type of operation would be an extension of the free enterprise system that would be extremely helpful to less developed countries and head off later problems that could affect the United States.

There is no reason to look at the American foreign aid program as a great big philanthropic endeavor — it isn't that at all. The United States is helping itself when it helps other nations.

The best way to assist other countries is to help them help themselves.

That should be the thrust of our foreign aid program.

Labor In Housing

At its founding conference, the Alliance for Labor Action (ALA) took a firm stand in favor of mass-produced housing which is contrary to the position of the AFL-CIO.

The rivalry that has been touched off is likely to shake the labor movement for sometime to come.

THE ALA WAS FORMED by the marriage of United Auto Workers and the Teamsters Union. Officials deny the joint effort is in competition with the AFL-CIO.

Nevertheless, the proposal by UAW President Walter Reuther that the nation's housing needs be met by production techniques used in the automotive industry is in direct conflict with warnings issued by C. J. Haggerty, chief of the AFL-CIO Building Trades Department.

Mr. Haggerty has been saying that mass production of prefabricated housing could cost thousands — and perhaps millions — of AFL-CIO members their jobs.

This unique development within the ranks of organzied labor will bear watching. Time will tell whether creation of the ALA will have a positive effect, or whether divergent policies of the two labor groups will be detrimental to the welfare of the nation.

It is readily evident that some new thinking is needed on the part of building trades people.

Their insistence on higher and higher wages regardless of what it does to the economy or the limitation it places on their customer market is disastrous.

When the inflation ax falls on the building trades stretched neck, perhaps the point finally will be made.

UNFORTUNATELY, when that happens a lot of other people are going to feel the blade.

It could be that an organization like the ALA has the ability to precipitate new thinking and new goals within labor that will prove valuable in solving the many problems confronting the nation.

It is not yet time to get overly excited about the new labor wrinkle but it certainly is more pleasant to contemplate than the usual brand of union news.

Ra Is On Its Way

Thor Heyerdahl's papyrus boat is bobbing along somewhere in the Atlantic as the explorer and his crew attempt to show how ancient Egyptians could have sailed to Central America 5,000 years ago.

The adventurer left Morocco last week in his 15-ton reed boat. His first enthusiastic report has been carried by the Cairo newspaper Al Ahram and declares that Ra "has successfully braved 10-to-12-foot waves" and "rides high like a huge pelican."

That Ra is still afloat sinks some of the predictions of skeptics who claimed the reeds would become waterlogged right away and sink.

Others are skeptical of the value of the trip should it be completed. They just have no faith in his hypothesis that a trans-Atlantic migration could have carried early Egyptian culture to Central America.

Nevertheless, authorities do not scorn author-explorer Heyerdahl. It was 22 years ago that he sailed the Pacific on his South American balsa raft Kon Tiki to prove the Pacific Islands could have been settled from the American side of the ocean rather than the Asian side.

The skeptics give him credit for financially supporting scholarly work and for stirring interest in early maritime contacts with his latest voyage.

To those outside the expert range in the field of American prehistory, the dangerous journey by Mr. Heyerdahl and his crew in search of evidence to prove a theory has a fascinating ring of high adventure.

They are with the Ra in spirit and wish for it a safe trip.

Letters To The Editor

A column written by Raymond Moley and entitled Nixon's Budget appeared in The Review May 12.

Upon first reading this article, I was a little confused and uncertain about the opinions and so-called "conclusions" that Mr. Moley expressed.

His article was concerned with Nixon's cut in spending for fiscal 1970, and how there will definitely be a greater deficit if considered under the "traditional" budget plan.

Moley's first fallacy pertains to the "trick" used by Nixon in adding the receipts of the trust fund to the administraive budget. The trust fund income had always been kept separate. But, this new policy of budget was first used by President Johnson, and has been in effect since 1968. Moley states that the cut should be $10 billion instead of President Nixon's figure of $5.5 billion. Actually, any cut of expenditures on Nixon's part will have a deflationary effect.

Another repugnant factor was his belief that buying existing securities would be less inflationary. This is not true. If securities are bought by the Federal Banks from commercial banks, the Federal Reserve pays for these securities by merely increasing the reserves of the commercial banks. Therefore, not only are the reserves increased, but also the lending ability of the commercial banks.

The same holds true when government bonds are bought by commercial banks from individuals and business concerns. If securities were purchased from the general public in open-market operations, the commercial bank reserves would still have an increasing effect. In any case, even if the government goes to the open-market, the reserves and demand deposits will increase as well as the money supply.

There is also a loop-hole in Mr. Moley's belief that national debt will rise when more supplies is shown by the government. He declared that if the surplus is used to buy existing securities, this will not increase National Debt and will not be inflationary. The first part of his statement is true: it won't increase national debt, but contrary to his belief, it will be inflationary.

Finally, if the government used its surplus from the trust fund to buy new securities, this would increase national debt. But, the government would never do this because if one has a surplus then why borrow more by issuing new securities?

This article exemplifies how wordiness and clever writing can overpower the meaning of written words. Don't believe everything on the printed page. Be critical.

At Wellsville

Graduates Hear Nixon's Letter

A congratulatory letter from President Nixon was read to the graduating seniors of Wellsville High School during the 94th annual commencement exercises Monday at Beacom Memorial Gymnasium.

The graduating class of 63 girls and 56 boys heard the letter read by William Menough, high school principal.

It began with these congratulations: "This is a day when congratulations are in order not only to the graduates but to the parents, teachers and administrators, whose efforts have helped to make this achievement possible. I extend my heartiest congratulations to all of you."

The President continued with a comparison between his graduating class (1930) and the class of 1969. "Your high school years have been historic ones. . .In your senior year, three brave Americans journeyed around the moon. When I graduated. . .only three years had passed since a man flew for the first time across the Atlantic Ocean. . . . We all know what it is like to be young at the start of an age of adventure.

"Your final year in high school was the beginning of an age of adventure, an age you will help to shape. You have my highest hopes and best wishes."

—:—

DURING the ceremonies, trophies were awarded the top three students — Cynthia Moore, valedictorian, and Mattie Coleman and Janet Lewis, salutatorians. Michael Mato, principal of Daw Junior High School, made the presentation.

State Sen. Oliver Ocasek, assistant professor of education at the University of Akron, addressed the graduates and pointed out "You are finishing the formal phase of your life and are beginning adulthood, the most important phase. . . .Your diploma is worth $100,000.

"The best investment the community has made has been to put millions of dollars into you; they expect millions in return."

The senator cautioned the graduates that they must maintain "a calmness of spirit" due to the "negativeness" found in today's thinking and actions. "Your parents have brought you up, so please don't let them down," he concluded.

Approximately 1,200 attended the exercises.

2 Ex-Residents Will Be Honored At Ohio U. Event

Two former East Liverpool residents will be among those honored Saturday during Alumni Day at Ohio University, Athens.

Receiving Certificates of Merit will be Jack D. Gilbert, director of public relations for the office of Ohio Atty. Gen. Paul Brown, and members of the family of Everett C. (Pete) Shingleton, who died June 17, 1967, at the age of 52.

The award to Gilbert is based upon "outstanding service to Ohio University as alumni secretary and for his continued efforts in the promotion of good will and financial support of the university," according to William K. Loftus, executive director of alumni affairs.

Gilbert is married to the former Nadine Gille. They have two children and reside at 32 Avon, Athens.

Shingleton is being honored "for oustanding service as a loyal supporter of the university and its Athletic Department exemplified by his influencing many fine young men in making a decision to attend Ohio."

Shingleton, survived by his wife Dorothy and two children, was president of the Akron area alumni association.

At Ohio, he earned his "varsity O" in basketball.

Life In Pen Due Man

YOUNGSTOWN, Ohio (AP)—A Youngstown man faces life imprisonment today as he appears in Mahoning County Common Pleas Court for sentencing on first-degree murder involving the shooting of a neighbor.

Raymond L. McDonald, 33, was found guilty Tuesday by a jury with a recommendation of mercy.

The defense sought to prove that McDonald was insane when he fired seven times into a neighbor's house last Sept. 9, killing Robert Berry and wounding Berry's wife, and his son.

City To Begin Door-To-Door Study On Tax

Two part-time employes of the city income tax office will begin a citywide survey Monday to list all prospective new taxpayers.

D. G. Wilkinson, tax commissioner, said the door - to - door study will be made by two college students on summer vacations, William Brown of 1865 Idaho Ave. and John Muller of Elson St.

They will be paid $2 hourly, plus 8 cents per mile for use of their private cars. Council provided a $2,000 appropriation for the survey, first since 1967.

The survey will begin in the Kondyke section at the state line and move gradually westward, covering every street. The two young men will carry letters of identification signed by Wilkinson.

A similar study made two years ago ended with a listing of 300 additional taxpayers, which meant a yield of approximately $15,000 a year for the city. The tax office estimates each additional taxpayer listing represents $50 in new revenue. This year's study should produce the names of at least 200 new taxpayers, Wilkinson said.

The survey is expected to continue through August. The employes will carry large ledger sheets on which they will enter the names, addresses and places of employment of each prospective taxpayer, along with other data. The information will be checked against the tax office's existing files to eliminate duplications and insert the names of new taxpayers.

"The survey will list the names of all persons in a household who are employed, regardless of where they work," Wilkinson said. He said the study discloses the names of persons who have moved inside the city recently, those who have recently joined or rejoined the labor market and those whose records became out-of-date because they moved frequently.

Wellsville Woman To Serve Africa Area For Third Time

A Wellsville resident will leave June 21 for her third tour of duty as a lay mission-helper at a hospital in Africa.

She is Miss Roberta Rawlings, daughter of Mrs. Mary Pomplun of 1712 Commerce St.

Miss Rawlings, who attended Wellsville High School, is a medical technologist.

She is with the Lay Mission-Helpers Association of Los Angeles, which consists of Catholic lay men and women who volunteer to serve in overseas missions in their professional and occupational skills. These range from medical to educational, technical and administrative fields.

Miss Rawlings will be stationed at Shisong Hospital, Shisong, West Cameroons, West Africa. She served previously at the Navrongo Hospital, Navrongo, Ghana, West Africa; St. Peter's Mission Clinic, Sabi, Rhodesia, Central Africa, and the Holy Rosary Hospital, Emekuku, Biafria, West Africa.

The association's volunteers agree to spend three years overseas under the bishop of the diocese to which they are assigned. The only material compensation they receive is food, housing, medical care and $35 per month pocket money.

The Lay Mission - Helpers Association operates under the auspices of James Francis, Cardinal McIntyre, Archbishop of Los Angeles. Founder was a Los Angeles priest, Msgr. Anthony J. Brouwers. The association has sent over 300 persons to missions overseas in Africa, Latin America, and New Guinea. There are presently 70 serving in the field.

Each Lay Mission - Helper receives nine months' training in theology, scripture, missiology and Catholic social doctrine. He or she also studies the language and customs of the country to which assigned.

Cigarette Increase Urged To Pay Pensions Interest

COLUMBUS, Ohio (AP)—Six big city mayors and a city manager urged the legislature Tuesday night to raise the tax on a package of cigarettes by one cent to help pay interest costs on the police and firemen's pension fund.

All told the House State Government Committee that their cities desperately needed money to help pay off the interest on the fund's total accrued liability.

But Akron Mayor John S. Ballard really dropped a bomb.

He told the committee he plans to announce next week that Akron will ask for a one-half per cent income tax increase in the September primary.

The city presently has a 1 per cent income tax.

'We have no choice but to go for the increase," he said. "If we do not, I will be compelled next January to strip our city of practically all employes."

Ballard said the proposed cigarette tax would "afford us a measure of relief."

Ballard said it would be a "miracle" if Akron voters pass the income tax income in September.

Mayors also testifying for the bill were Carl B. Stokes of Cleveland, M. E. Sensenbrenner of Columbus, Eugene Ruehlmann of Cincinnati, William J. Ensign of Toledo and Stan Cmich of Canton.

Dayton's city manager, Graham W. Watt, also urged the bill's passage.

The proposed cigarette tax would bring in $13 million a year. Eight million dollars would go toward the interest on 70 per cent of the police and firemen's pension fund's total accrued liability of $413 million.

Under the bill, citites would annually pay 2 per cent of the interest costs.

The other five million would go to stabilize the cities' current rate for future pensions and to provide a more realistic pension for widows.

Driver Fined For Speeding

Charles R. Emler, 33, of Post Office Box 298 was fined $20 and costs today by Municipal Judge Samuel M. Chertoff on a charge of driving 65 miles an hour in a 50-mile zone on the East Liverpool-Wellsville Rd.

Emler was cited by the Ohio Highway Patrol Friday at 10:15 p.m. He pleaded "no contest."

John T. Valenta, 32, of 717 Penn Ave., Midland, forfeited a $22.50 appearance bond on a charge of driving 50 miles an hour in a 35-mile zone. He was cited this morning at 2:03 on Harvey Ave. by Patrolman H. Clyde Dillon.

In a continued case dating back to May 25, William E. Hanlon, 47, of 1004 Lisbon St. was ordered to pay court costs on a charge of driving without an operator's permit.

Hanlon appeared previously and was granted a continuance to allow him to obtain a new permit. The penalty was assessed after he produced the license today.

Hanlon was cited on Fairview St. by Patrolman Jack Strobel.

Cigarettes Due 5-Cent Boost In Ohio Machines

CLEVELAND, Ohio (AP) — Cigarette smokers in Ohio paying 40 cents to buy a pack of cigarettes in vending machines will begin paying 45 cents in most machines on Monday, according to a vending official.

Richard Galvin, president of the Ohio Automatic Cigarette Vendors Association, said the nickel increase was caused by recent price hikes by major cigarette manufacturers and by increased costs for labor and equipment. About three-fourths of the state's vending machines belong to association members.

Graduates Hear Nixon's Letter

A congratulatory letter from President Nixon was read to the graduating seniors of Wellsville High School during the 94th annual commencement exercises Monday at Beacom Memorial Gymnasium.

The graduating class of 63 girls and 56 boys heard the letter read by William Menough, high school principal.

It began with these congratulations: "This is a day when congratulations are in order not only to the graduates but to the parents, teachers and administrators, whose efforts have helped to make this achievement possible. I extend my heartiest congratulations to all of you."

The President continued with a comparison between his graduating class (1930) and the class of 1969. "Your high school years have been historic ones. . .In your senior year, three brave Americans journeyed around the moon. When I graduated. . .only three years had passed since a man flew for the first time across the Atlantic Ocean. . . . We all know what it is like to be young at the start of an age of adventure.

"Your final year in high school was the beginning of an age of adventure, an age you will help to shape. You have my highest hopes and best wishes."

—:—

DURING the ceremonies, trophies were awarded the top three students — Cynthia Moore, valedictorian, and Mattie Coleman and Janet Lewis, salutatorians. Michael Mato, principal of Daw Junior High School, made the presentation.

State Sen. Oliver Ocasek, assistant professor of education at the University of Akron, addressed the graduates and pointed out "You are finishing the formal phase of your life and are beginning adulthood, the most important phase. . . .Your diploma is worth $100,000.

"The best investment the community has made has been to put millions of dollars into you; they expect millions in return."

329 Seniors Graduated At Commencement Rites

(Continued from Page 1)

but nothing worthwhile has been gained easily."

He remarked that probably 48 per cent of the class would go on to obtain a higher education, and said there was no limit to what they could achieve.

"You are an American, born free, you can stand on your toes and reach for the stars because you are born free. You face the greatest challenge given to any generation.

"This year three men circled the moon and will land there soon. It will be up to you to complete this journey. I predict that this generation will unlock the doors of the mysteries of cancer, heart disease, and strokes and give us hope for a greater, fuller life."

—:—

THESE TASKS will not be easy, you will be tempted because you have so much. There will be those who will tell you the government owes you a job, a guaranteed wage or anything else you wish. But the government doesn't owe you one thing except equal protection under the law."

He asked the class, "Are you willing to sacrifice anything in order to protect and preserve this last great green precious earth from any enemies? Many will be asked to meet this great challenge."

"It is as you will. The future is in your hands. For the last 12 years you have learned the three R's. Now you must concern yourselves with another set of three R's: respect, responsibility and reverence."

In closing, Dr. Schreiber said if he could give each senior a gift, he would ask them to read the Bible, because it contains all the answers to the problems of today, and is a history book for the story of mankind.

Samuel Brown, president of the Board of Education, and Alton P. Dobson, principal of the high school, presented the diplomas to the graduating class.

—:—

AFTER HANDING out 329 diplomas Brown remarked, "How sweet it is." He reminded the seniors that they have the honor of being the first class to be graduated from the new school. "There are those that said you have come up from the mud to receive the highest education in Ohio on this hill."

He said "Judgement is now being rendered on you, it has taken the jury, your teachers, 12 years to arrive at the verdict but you can relax now, the verdict is in."

"The nation's most priceless possession is youth. In spite of the bad image of the youth of today caused by a few, I still have a great faith in the younger generation. Only time will prove me right or wrong."

The Rev. Allen Conway, of the First United Methodist Church, presented the invocation and the benediction. Patty Weaver sang the "Lord's Prayer," accompanied by Leigh-Ann Bernstorf. William Montgomery, class president, led the class in reciting the graduate's creed, and the class sang the Alma Mater under the direction of James Cline, accompanied by Nancy Hooper.

How Can I?

By ANNE ASHLEY

Q. — What can I do about a concrete basement floor that has begun to get powdery?

A. — You can give this floor a nice, finished look by first washing it thoroughly with soap and water, then applying boiled linseed oil liberally with a paintbrush. After a couple of days, wash the floor again and give it another dose of boiled linseed oil. And for a really good job, a third treatment in still another couple of days will do the trick.

Q. — How can I clean willow furniture?

A. — By brushing with a strong solution of salt water, then wiping off with a soft dry cloth. This will also prevent the furniture from yellowing.

Q.—How can I remove rust stains from my kitchen sink?

A.—Pour a few drops of vinegar on the stains, leave for about 15 minutes, then scour the sink in the usual manner.

329 Seniors Graduated At Commencement Rites

(Continued from Page 1)

but nothing worthwhile has been gained easily."

He remarked that probably 48 per cent of the class would go on to obtain a higher education, and said there was no limit to what they could achieve.

"You are an American, born free, you can stand on your toes and reach for the stars because you are born free. You face the greatest challenge given to any generation.

"This year three men circled the moon and will land there soon. It will be up to you to complete this journey. I predict that this generation will unlock the doors of the mysteries of cancer, heart disease, and strokes and give us hope for a greater, fuller life."

—:—

"THESE TASKS will not be easy, you will be tempted because you have so much. There will be those who will tell you the government owes you a job, a guaranteed wage or anything else you wish. But the government doesn't owe you one thing except equal protection under the law."

He asked the class, "Are you willing to sacrifice anything in order to protect and preserve this last great green precious earth from any enemies? Many will be asked to meet this great challenge."

"It is as you will. The future is in your hands. For the last 12 years you have learned the three R's. Now you must concern yourselves with another set of three R's: respect, responsibility and reverence."

In closing, Dr. Schreiber said if he could give each senior a gift, he would ask them to read the Bible, because it contains all the answers to the problems of today, and is a history book for the story of mankind.

Samuel Brown, president of the Board of Education, and Alton P. Dobson, principal of the high school, presented the diplomas to the graduating class.

Ohio Senate Votes Today

Sponsor Of Fluoridation Bill Certain Of Passage

COLUMBUS, Ohio (AP)—The sponsor of a bill to requiire statewide fluoridation of water supplies says he is "confident we have the votes" to pass it.

The bill, sponsored by Sen. Oakley C. Collins, R-18 Ironton, was up for a vote in the Senate today.

Collins reportedly can count on about 19 votes and two maybes. Seventeen votes are needed for passage.

The Senate also will vote on a House - passed bill to allow cities or counties to call in the State Highway Patrol in the event of a riot or civil disorder.

Sen. Marigene Valiquette, D-11 Toledo, said she and other Democrats probably would oppose it on the floor because it would allow the patrol to be called in on labor disputes. House Democrats opposed it for the same reason.

In the House, a bill was adopted 92-0 to allow convicts serving a life term to be tried for felonies committed while in prison. The bill now goes to the Senate.

Under present law, lifers can be tried only for first - degree murder.

The bill's sponsor, Keith McNamara, R-64 Columbus, said he introduced the bill because the convicts serving life terms at the Ohio Penitentiary could not be brought to trial on charges stemming from last summers riots at the prison.

The House sent to the governor 71-22 a Senate-passed bill to increase from $800 to $2,000 the maximum amount that can be recovered from parents for property damages done by their minor children.

An atttempt to amend the bill to make parents responsible for property damages in campus disorders threw some scares into legislators.

The amendment, offered by Rep. Carlton E. Davidson, R-26 Ironton, would have made it applicable to any student under 21 and would have permitted public institutions to sue parents for damages on college campuses.

Rep. Joseph P. Tulley, R-37 Mentor, successfully argued against the amendment. He suggested it could be attached to pending campus disorder bills. The amendment finally was defeated 50-40.

In the Senate, a House-passed bill was adopted 31-0 to allow residents of two island townships in Lake Erie to receive extra compensation for transportation costs when they serve on a jury.

The bill, which now goes to the governor for his signature, applies only to Kellys Island Township in Erie County and Put-in-Bay Township in Ottawa County.

The present law sets a $10 a day limit for jury pay.

Sen. Paul E. Gillmor, R - 12 Tiffin, who handled the bill on the floor, said it costs $6 for a round trip airline ticket from the island to the mainland and an extra $4 for taxi fare to and from the courthouse.

The Senate also passed, 32-0, a House approved bill to authorize conveyance to Port Clinton the southern half of the Ohio National Guard Armory property to be used for a park.

It adopted by a 31-0 vote a bill to make corrective changes in the language of a code section repealed and re-enacted by the last legislature to provide for an estate tax, instead of an inheritance tax.

The word cash was originated by the British in the Far East. It as derived from the Singhalese word, kasi, meaning a small coin.

Pay TV Gets Warning By FCC Chief

WASHINGTON (AP) — Pay-television will be yanked off the air in any area where it begins putting free TV out of business, says Rosel H. Hyde, chairman of the Federal Communications Commission.

Hyde said in an interview, however, that fears the proposed authorization of pay-TV would spell the end of free programs are unjustified.

In two months, the FCC has received about 150 letters from TV fans who believe—as opposition advertising suggests—that free TV is in danger.

Last Dec. 13, the FCC issued general rules for permitting pay-TV service, in which a broadcast signal is transmitted in a scrambled form that can only be unscrambled on the home TV set by use of a rented decoder.

The rules take effect June 12, but this does not mean an immediate start on pay-TV.

An appeal by the National Association of Theater Owners and Joint Committee Against Toll TV is under consideration by the District of Columbia Circuit Court of Appeals, and the FCC has agreed not to authorize any pay-TV operations for 60 days after the court decision.

The National Association of Broadcasters also has expressed fears that pay-TV could eventually force free TV off the air.

The FCC will permit one pay-TV station each in areas which already have at least four free commercial TV signals available, no counting educational TV.

Asked whether pay-TV, once established, could continue if an area no longer had the required four other signals, Hyde said the loss of a fourth commercial station in any area would be an "automatic disqualification" of continued pay-TV in that market.

"We could even put them on a one-year license if we wished, to provide more frequent review of circumstances," he speculated, "but I'm not sure that would be necessary. Three years (the normal life of a broadcast license); might be enough."

This didn't satisfy a spokesman for the NAB who said "The rules won't work. The FCC will either alter them or abandon them. Either we stick with the present system or we'll wind up with all-pay television."

Hyde bridled at the thought.

He agreed the FCC might tighten up rules if loopholes were found but added, "The suggestion we might modify the rules to conduce siphoning off (programs from free TV) is repugnant to what was always our policy."

Communist Conference Convenes

End 'Rebirth' Of Stalin Tactics, Red Group Asks

MOSCOW (AP) — As delegates to the Kremlin's international Communist conference poured into Moscow today, a small band of Russian intellectuals urged them to help bring an end to a "rebirth" of Stalin's terror tactics.

'We ask the representatives of the international Communist movement to help liquidate the phenomena which ... lie as a shameful stain on the entire international Communist movement," the intellectuals said in a petition being circulated privately.

The conference opens Thursday, and it could not be learned whether the petition had reached any of the delegates.

The appeal denounced the arrests of former Red Army Gen. Pyotr Grigoryenko and former collective farm manager Uvan Yakhimovich, both imprisoned this spring on charges of anti-Soviet slander, and said: "The growing influence of people who strive for a return to Stalinism is becoming more noticeable."

"People in the state and party apparatus are setting the tone," it continued. "How else can the introduction of Soviet troops into friendly Czechoslovakia be evaluated? We appeal to you to do everything so that the malevolent shadow of Stalin is not permitted to darken our future."

Among the signers of the petition were historian Pytor Yakir and the wives of Grigoryenko and imprisoned teacher Ilya Gabai.

Moscow radio announced Tuesday night that delegates from 49 foreign countries had arrived for the conference. They included the heads of five Communist countries—Hungary's Janos Kadar, Bulgaria's Todor Zhivkov, East Germany's Walter Ulbricht, Poland's Wladyslaw Gomulka and Mongolia's Umzhagin Tsedenbal.

The Czechoslovak news agency announced in Prague that Czechoslovak party chief Gustav Husak and his new deputy, hard-liner Lubomir Strougal, also had left for Moscow together. The party presidium created Strougal's new job in a reorganization of the responsibilities of Central Committee executives, and CTK announced his appointment shortly before the departure.

An American Communist party spokesman in New York said that Gus Hall, the party's secretary-general, had left for Moscow with members of the U.S. delegation. The spokesman said party chairman Henry Winston and international affairs secretary James Jackson were already in the Soviet capital.

Shorter than the list of arrivals, but just as significant, was the list of absentees.

The Chinese Communist party, long on the outs with Russian party leaders, will not be represented. Other ruling parties expected to boycott the conference are those of Albania, North Vietnam, North Korea and Yugoslavia.

Cuba is sending observers.

The Soviet Communists apparently had hoped to use the long-delayed conference to reestablish their grasp on the world Communist movement and to hold up the Soviet party as a model of true communism. But the number of absentees and a decision to concentrate on safe issues make it doutful that this goal will be achieved.

The conference is expected to sidestep such divisive issues as the Chinese-Soviet rift and adaptation of firm Communist guidelines. Instead it will talk publicly about a less controversial topic, the struggle against imperialism.

There was disagreement about even that at a preparatory meeting which ended May 30. Insiders said a 40-page document on imperialism for the conference to approve emerged from the planning sessions in watered-down form.

3 Ohioans Missing After Sea Collision

COLUMBUS, Ohio (AP) — Three Ohioans were reported missing following the collision between the U. S. Navy destroyer Frank E. Evans and the Australian aircraft carrier Melbourne in the South China Sea.

They were Tech. 3 C. Larry A. Gracely of Lima, Seaman Apprentice James F. Dykes III of Lancaster and Bosun's Mate John A. Sauvey of Marblehead.

Seventy-three seamen were reported missing in the disaster and the Navy announced Tuesday night that "we have absolute confidence that we have picked up all survivors."

Spider Bite Victim In Guarded Condition

PITTSBURGH (AP) — An Ohio woman remains in guarded condition at St. John's Hospital after being bitten by a poisonous brown recluse spider.

"I was scrubbing the kitchen floor in my bare feet. I felt a pin stick me. That was all," said Ruth Harris, 39, of Toronto.

Mrs. Harris pulled the spider from her foot and popped him into a glass jar. The insect traveled with her from Steubenville Hospital to Pittsburgh after she was bitten Saturday. The spider is now being studied at the hospital.

Duke Of Windsor Taken On Tour Of Milk Firm

CUYAHOGA FALLS, Ohio (AP)—The Duke of Windsor learned something about milk, bread and doughnuts Tuesday as he toured the facilities of the Lawson Milk Co. on its 30th anniversary. Then he flew back to New York to celebrate his own 32nd wedding anniversary.

The duke, who will be 75 in three weeks, was flown to Lawson's big plant as guest of Nathan Cummings, the founder and honorary chairman of Consolidated Foods Corp., which is Lawson's parent company.

He toured the facilities in an electric golf cart accompanied by Lawson's president Medley Hoch, and Cummings, a personal friend.

When someone asked the duke if he used a golf cart when he played, the royal visitor replied, "this is my golf cart," and held up his walking stick.

The duke also attended a luncheon at the Silver Lake Country Club before making his tour.

Then it was off to New York to celebrate 32 years of marriage with Wallis Warfield Simpson, the Baltimore girl for whom he gave up the thorne of England in 1936.

Fireworks Contract Signed

Midland Unit Finalizes Plans For July 4th Fete

The Midland July Fourth Committee has advanced plans for fireworks, prizes, variety shows and drum and bugle corps competition for the traditional Independence Day celebration.

The committee approved a contract with the Ohio Fireworks Manufacturing Display Co. of Bellaire.

The company supplied the display last year and, according to John H. Lutton, fireworks chairman, will add additional color to the finale this year.

The committee gave the "go-ahead" to plans for the day's entertainment after a favorable report from the finance committee. Both the Crucible Steel Division of Colt Industries and Local 1212, United Steelworkers of America, have agreed to make $1,500 donations, as they have done in the past. Employes of Crucible, other Midland firms and residents make $1 donations. Other funds are donated by Borough Council and area businesses.

Float prizes, which were increased two years ago, again will be offered. They are general class, first, $300; second, $225; third, $150; fourth, $100; fifth, $75, and sixth, $50. Youth organization floats, first, $50; second, $35, and third, $25.

The committee also will award $2 prizes for decorated bicycles and 50-cent prizes to the winners of the children's races held at Lincoln Park after the parade. The committee also makes donations to marching groups when funds are available.

Dr. Charles P. Henderson, program director, reported on plans for professional acts for the variety show. Last year, because of limited funds, the committee depended on talent from the local area.

John Shovlin, special events chairman, said Class A drum and bugle corps are being sought for this year's competition and exhibition at Midland High School stadium.

Entry blanks are available at the Midland police sstation, the Midland News Office and the Chamber of Commerce Office for organizations and groups planning to enter floats, marching units, drill teams or children planning to enter decorated bicycles. The blanks are also available by mail from the borough secretary's office, Borough Building.

Entry blanks must be submitted so that prize money may be paid. They must be returned by June 27 to the Midland police station.

Floats in this year's parade will be built on the theme: "One Nation—One People."

Mayor Eli G. Corak, general chairman, presided. The next meeting will be June 20.

2 Mothers, 4 Children Die In Crash

SLIPPERY ROCK, Pa. (AP) —Two Butler County mothers and four children were killed Tuesday night when their car collided head-on with another auto police said earlier had been involved in a hit-run crash.

Officers said a 1966 Pontiac, driven by Raymond Meals of RD 4, Slippery Rock, came over a hill on winding rural road, skidded more than 100 feet and crashed into the victim's auto. Five of the victims were thrown from their car as it overturned after the violent collision.

Police said the Meals car skidded 158 feet after the collision. Meals, who was thrown into the back seat of his auto, was listed in serious condition at Grove City Hospital.

The only other survivor of the crash was the 15-month-old son of one of the victims. They baby was listed in serious condition with a fractured skull at a Youngstown, Ohio, hospital.

Police identified the victims as 28-year-old Irma Dellich of Boyers, the driver, her daughter Denise, 10, and her two sons, Danny, 5, and Geoffrey, 3. Also killed were the infant's mother, Katherine Bonetti, 22, of Harrisville, and her 3-year-old daughter, Christina.

Police said the Meals auto had been involved in a hit-run crash in Slippery Rock Borough earlier. They did not have details of the accident.

Meyner And Cahill Emerge As Foes For N. J. Governor

NEWARK, N.J. (AP) — Former Democratic Gov. Robert B. Meyner and Republican U.S. Rep. William T. Cahill emerged as the candidates today for a November governor's race matching two men of similar political style and similar political problems.

Both won nomiations Tuesday in crowded primary contests that left potentially party—damaging scars. Both stressed party unity.

Cahill, a moderate, narrowly defeated U.S. Rep. Charles W. Sandman Jr., who campaigned as the only unmistakable conservative in the Republican field of five.

Meyner withstood a dual challenge—from the old-line Democratic organization in populous Hudson County and from a new coalition of liberals. But his margin was 3-to-2 in a field of six.

Meyner scheduled an immediate meeting with Gov. Richard J. Hughes, a Democrat who succeeded him eight years ago. Hughes, neutral in the primary, promised general election support. Meyner called on his primary opponents "to join ranks so we can have a great Democratic victory on Nov. 4."

With 98 per cent of the vote tallied, unofficial figures showed Cahill with 155,856 votes to 144,365 for Sandman and Meyer with 170,339 to 87,176 for State Sen. William F. Kelly, the Hudson County candidate. Three other Republican candidates shared 100,730 votes and four outher Democrats divided 123,924.

Both Cahill, 56, and Meyner, 60, are lawyers. Both are calm, deliberate speakers.

Troop Pullout Report Due, Paper States

NEW YORK (AP) — Preparations are under way for President Nixon and Nguyen Van Thieu, the South Vietnamese President, to announce the first unilateral reduction of American forces in Vietnam, the New York Times says.

U.S. officials say the announcement is likely but will not be made definite until the leaders meet on Midway Sunday, the Times said today in a story from Washington by Hedrick Smith.

The Times gave this information:

Informants said the Midway setting was picked for the announcement because it would underscore U.S.-South Vietnamese solidarity on the troop issue.

Ralph Winn

Services will be held Thursday for Ralph M. Winn, 81, a World War I veteran, who died Monday at the Cleveland Veterans Administration Hospital after a long illness.

He was born Aug. 27, 1887, in Jackson County, W. Va., a son of Isaac and Almira Young Winn. He at one time resided in Minnesota and previously lived at Guilford Lake.

He leaves two brothers, James R. Winn of East Liverpool and Cecil Casto of Wellsville, and a niece, Mrs. Davis J. (Marie) Wright of East Liverpool, who assumed responsibility for his care since his illness, and several nieces and nephews.

Services will be held Thursday at 1:30 p. m. at the MacLean Funeral Home in Wellsville by the Rev. Albert E. Thomas of the Second Church of Christ in East End. Burial will be in Locust Hill Cemetery in Chester.

Friends may call at the funeral home this afternoon and evening.

Catherine Barbuto

Miss Catherine Ann Barbuto, 21, of 1512 Etruria St., an employe at the Hall China Co., died Tuesday at 8 a. m. at West Penn Hospital, Pittsburgh, after a brief illness.

She was born Feb. 24, 1948, in Buckhannon, W. Va., a daughter of Paul F. and Hilda K. Cannon Barbuto, who survive at home. She had resided in East Liverpool for seven years and was graduated from the local high school in 1967. She was a member of the St. Ann's Catholic Church in East End.

Besides her parents, she is survived by four brothers, Anthony Barbuto, a student at Ohio University, Paul Barbuto, Brian Barbuto and George Barbuto, all at home, and the maternal grandmother, Mrs. Agnes Cannon of Mablethorpe, England.

Services will be held Friday at 10 a. m. at the church by Fr. Robert E. Sfara. Burial will be in Calvary Cemetery, Pittsburgh.

Friends may call Thursday afternoon and night at the Dawson Funeral Home, where the Rosary will be recited tonight at 8.

Report Seen Just Another Ferry Tale

Anybody here seen a ferry?

United Press International reports it has been advised a ferryboat owner from the New Matamoras area is scheduled to begin a ferry operation between Chester and East Liverpool as a result of the closing of the Chester Bridge.

Dave Harmon, who has been operating the boat crossing at Fly, Ohio, reportedly is going to undertake a similar business here.

However, city officials at Chester and East Liverpool, the Corps of Army Engineers, the Ohio Department of Highways and public utilities officials of West Virginia and Ohio know nothing of such plans and have received no applications or information.

The staff at the Stratton Dam said workers saw the picture and heard the story about the ferry on television, and had been looking for the boat and its flat.

Other area residents have been wondering where the operation is located and how it would make much of a profit.

The Department of highways of Columbus said a routine story was written recently about the ferry which has operated at Fly for 104 years, but said it had no information about a move to East Liverpool.

Perhaps it will come floating out of the mists later this week like the legendary "Flying Dutchman" of the sea tales. More likely, it will become just another ferry tale.

Cumberland's Council Fixes License Fees

NEW CUMBERLAND—Third and final reading was given an ordinance to add four new sections to the general licensing chapter of the City Code during a meeting of New Cumberland Council Monday night.

The ordinance will become effective July 1. Traveling photography studios will be charged $15 for a license. Candy machines of the one-cent variety will be licensed at $2 a year and other vending machines of the 5-cent or larger variety will cost $5 a year.

Five-cent music machines will cost the operator $5 a year. Club licenses will be $100 a year and the annual professional fee will be $10.

First reading was given legislation creating a park commission. The commission will operate without remuneration. Second reading is set for June 9.

Councilman Dean Chamberlain will preside at the next meeting for Mayor Arthur Watson, who will be absent.

Mayor Watson said that nearly half the sewer refunds have been made. Deadline for completion of the refunds is Aug. 27.

A preliminary estimate of $25,000 was received from Cerrone and Vaughn of Wheeling, consulting engineers, for water improvements. The improvements would include addition of a second well and repair of broken valves on the present well.

Reports were read from the New Cumberland Air Pollution Council.

Penalties Set For 2 Youths In Fire Here

LISBON — Two East Liverpool boys were punished Tuesday in Juvenile Court for setting fire to a vacant house at Walters and Holiday Sts. April 15. Both are 14.

One also was sentenced for taking a television set March 21 from East Junior High School.

The one involved only in the fire was ordered to pay $50 toward the damages. The other was ordered to spend two weeks in detention beginning Friday afternoon and to pay $100 — $50 toward damages and $50 to be applied at the discretion of Juvenile Court Judge Louis Tobin.

Both boys were placed on a 5 p.m. curfew for the next six months and told not to associate with each other. They are to report weekly to the probation officer in East Liverpool.

Two Lisbon youths, 15 and 16, admitted taking a go-cart here May 19 and were fined $50 each, which they are to pay from their own earnings.

Judge Tobin placed them on a 7 p.m. curfew for the next six months and ordered them to apologize to the owner of the car, Harold K. Barnes of W. Washington St.

The court continued until next Monday a hearing for two other Lisbon boys, 14 and 15, accused of taking a car May 28 on S. Market St.

Harker

standing shares, and plans to acquire more of the shares as they become available. Stonehill said his company will acquire other related companies as part of its overall growth projection and now is negotiating with another large china company.

At full production, the Harker plant has a capacity of more than 25 million pieces of dinnerware annually.

Stonehill said the acquisition agreement is in line with Jeannette's goals of expanding within general areas of its production and marketing expertise.

"We plan to utilize our sales organization with its five regional showrooms and sales managers to compete in all areas where china is sold," he said. "We also can lend technical support to the expansion of Harker's manufacturing facilities."

—:—

THE HARKER concern, known as the oldest pottery in America in continuous operation, traces its history back to its founding on the River Rd. in 1840—129 years ago.

The firm moved from the River Rd. to Chester in 1931. It modernized the former plant of the Edwin M. Knowles China Co. and then shifted across the Ohio River in one swift move without a real interruption in production. The Knowles firm, meanwhile, was occupying its newer plant in Newell.

Harker's principal stockholders are David G. Boyce, president; Robert E. Boyce, treasurer of the firm and president of the First National Bank; Richard Boyce of Washington, D. C., Eugene Boyce of Chester and Mrs. Rachel Boyce Lang of East Liverpool.

Other stockholders include John Pinney, vice president; Francis H. Lang, husband of Mrs. Rachel Lang and secretary of the firm, and Dr. James Robson of Shaker Heights.

David Boyce issued a statement in connection with the acquisition of the company by Jeannette Glass. He said:

"Harker management feels sincerely that the best interests of Harker employes and the tri-state area are served by a marriage to the Jeannette Glass Co., which, with young, vigorous, successful and established management, can do a job superior to the present Harker management.

"Furthermore, they have excellent sales offices and diversified distribution. They plan to add capital expenditures, vigor and growth to this Harker Division, which was established 129 years ago — America's oldest pottery. They assure progress and growth to our community."

—:—

HISTORY shows the Harker plant was the second pottery to be established in East Liverpool when it was erected on a River Rd. site by Benjamin Harker Sr. It was preceded only by the plant of James Bennett, known as the founder of the pottery industry in this area.

At various times many years ago, the company was known briefly by other names but there always was a Harker at the helm. In its early history, it was noted for the quality and quantity of its Rockingham and yellow ware.

The present management announced its annual vacation shutdown has been scheduled for June 20-July 7 in order that all employes may take time off at the same time.

The first official naval battle of the American Revolutionary War was one fought Oct. 11, 1776, in which Americans led by Benedict Arnold were defeated by the British off Valcour Island in Lake Champlain.

Income Tax Given OK At Shippingport

SHIPPINGPORT — Legislation providing a 1 per cent income tax was approved by Council Tuesday night.

The new tax on earned income of residents and non - residents who work in the borough will go into effect July 1, officials said. Half of the tax levied on residents will be shared with the South Side School District, it was explained.

The board of education of the school district is expected to authorize a permissive resolution to join the tax program.

Council also adopted an ordinance providing for stricter control of trash and refuse in the community.

Drawings of the three borough signs being constructed by the Duquesne Light Co. designating Shippingport as the home of the first atomic plant in the United States were accepted.

Approval was given for seven new mercury street lights to be installed in the borough.

Miss Aletha Caln was hired as borough assessor. Bills totaling $712 were paid. The next meeting will be July 1.

8 More Treated In Emergencies

A member of the Parsons Little League baseball team and another youngster playing basketball were among eight treated in the emergency room at City Hospital Tuesday.

Rickey Dawson, son of Paul Dawson of 1709 Cleveland Ave., was playing baseball when he fractured his right wrist and Thomas Hanselman, son of Sterling Hanselman of 919 W. 8th St., lacerated his scalp while playing basketball.

Others treated and released included Christiana Travis, stepdaughter of Harold Stull of 1309 Erie St., lacerated right thumb on a screen door hook; Rebecca Haught, daughter of Arthur Haught of Georgetown RD 1, contusion of the right foot from a fall.

Mrs. Joyce Black, wife of Donald Black, 344 W. 5th St., contusion of the left foot from a fall; Clayton Smith, son of Dan Smith of RD 3, lacerated lip in a fall while going up steps; Frank Morrison, son of James Morrison of 1174 Erie St., contusion of left elbow in a fall from a bicycle, and Kathie Talbott, daughter of Larry Talbott RD 1, fracture of small finger on left hand in fall on sliding board.

Federal Officials Hurl Charge

Columbus Gamblers Hit In Payoffs To Vice Squad

WASHINGTON (AP) — Federal officials have charged that gamblers in Columbus, Ohio, have "had almost every member of the city's vice squad on their payroll."

Asst. Atty. Gen. Will R. Wilson in testimony Tuesday before the Senate subcommittee on criminal laws and procedures spoke only of a "major midwestern city" when he said that "low-level officers were reported receiving $250 per month and their superiors as much as $500" from local numbers operators.

But other federal officials later confirmed Wilson had been talking about Columbus. And the Nashville Tennessean quoted Wilson as identifying the midwestern city as the Ohio capital.

Wilson told the subcommittee, headed by Sen. John L. McClellan, D-Ark., that the Justice Department had "uncovered evidence that local numbers operators had almost every member of the city's vice squad on their payroll."

He also said "the involvement of the police went so far as to include pressure by the chief of the squad put on a dissident gambler to bring him in line with his fellow numbers operators."

Wilson appeared before the subcommittee on behalf of President Nixon's proposal to make it a federal crime to conspire to obstruct enforcement of local and state criminal laws in order to promote an illegal gambling business.

He said there is a need for such a statute on grounds of widespread police corruption in several major urban areas.

Specifically, he named a "major southern city"—the Nashville Tennessean quoted him as referring to Nashville—that has had "an open history of police corruption over the past 18 years."

945 Reds Slain In Last 3 Weeks, Military Says

SAIGON (AP) — South Vietnamese troops and heavy American air and artillery strikes have killed 945 North Vietnamese in three weeks of fighting around DakTo, in the Central Highlands, military spokesmen reported today.

The South Vietnamese and their American advisers also suffered heavy losses. More than 700 casualties were reported, including 157 government troops and 13 Americans killed, 455 South Vietnamese and 32 Americans wounded; 71 government soldiers and two Americans missing.

The operation, named People's Rights, is providing a test of U.S. plans to turn over more and more of the war to South Vietnamese forces so American forces can begin withdrawing from Vietnam.

"It is an entire ARVN (Army of the Republic of Vietnam) show with the exception of such American combat support as artillery, tactical air strikes, gunships and medical evacuation helicopters," one U.S. spokesman said.

Other spokesmen said that American support had accounted for roughly half of the North Vietnamese killed. Hundreds of U.S. B52 bombers and smaller fighter-bombers have pounded the enemy with more than 10,000 tons of bombs. Thirty B52s flew five more missions over the area Tuesday night and early today, dropping 900 tons of bombs.

Hanoi claimed more than 3,000 government soldiers had been killed or wounded, wiping out one South Vietnamese battalion and crippling or decimating six others.

Two Autos Damaged

Cars operated by Arthur DuMoulin Jr. of 614 15th St., Wellsville, and Dale T. Flam of Wellsville RD 1 were involved in a mishap on Lisbon St. near 3rd St. Tuesday night, Wellsville police reported.

Officers said DuMoulin slowed his car but the brakes failed and the 1955 auto hit the rear of the 1966 car operated by Flam. The accident occurred at 10:50 p.m.

Firemen Enroll Four At Newell

Four new members were accepted for a year probationary period at a meeting of the Newell volunteer firemen Monday night at the fire hall.

They are Clifford Tiller, Warren Brown, Jerry Powell and John Franczek.

Discussion was held on a first aid class tentatively set for July 10. Announcement was made that an advanced fire course will be held Sunday afternoon at the Franklin Community Center near Wellsburg.

The department announced it will sponsor screening of a film, "Child Molesting," for civic groups in Newell in conjunction with the Weirton Police Department. The date for the showing will be announced later.

The carnival committee reported carnival ride tickets are on sale now at $1 for a strip of eight. All firemen have the tickets, and business establishments will be issued tickets today for the carnival June 21-28. Clubs or groups which plan to have a stand at the carnival and have not as yet contacted the firemen may notify Gene Lytton.

The next meeting will be June 16 at the fire hall.

Bond Set At $5,000 In 'Contributing' Case

LISBON — William H. Nixon, 38, of the SOI Hotel, Wellsville, is being held in the Columbiana County Jail in lieu of $5,000 bond set Tuesday in Juvenile Court.

An affidavit filed by James L. Miller, Juvenile Court probation officer, states that Nixon contributed to the delinquency of an 11-year-old girl in April by having sexual intercourse with her.

Nixon pleaded not guilty at arraignment yesterday before Judge Louis Tobin. No hearing date has been set.

Bear Season Also Cut

Pennsylvania Reduces Number Of Doe Licenses

HARRISBURG, Pa. — Pennsylvania, where more hunting and fishing licenses are sold than any other state, is reducing the number of antlerless deer licenses by 25 per cent in 1969-70.

It also has reduced the bear season to just two days, shortest on record in the state, because of a heavy recent reduction in the size of the bruin population.

The Pennsylvania Game Commission announced the changes Tuesday along with setting the hunting seasons for other species.

The commission announced these seasons:

—A five-week archery deer season starting Sept. 27.

—An early small game season starting Oct. 18.

—A four - week general small game season opening Nov. 1.

—A two-day bear season Nov. 28-29.

—A two - week antlered deer season starting Dec. 1.

—A two-day antlerless deer season Dec. 15-16.

The commission noted there was a particularly heavy reduction of bear in the north central part of the state, the primary bear range.

In addition to the short season on bear, a hunting party of five or more persons will be permitted to kill only one bear.

Only 379,000 antlerless deer licenses will be available to hunters this year, compared with 482,500 authorized one year ago. The commission noted that in counties where the deer population has decreased significantly, there is a sharp drop in the number of antlerless licenses allocated.

As was the case last year, the commission again has reserved one or two days for extension of the season in event of inclement weather.

A number of changes were made in connection with beaver trapping. This year, no more than two 10-inch by 10-inch body gripping traps may be set for beavers by an individual trapper. Total number of traps by an individual remains at 10.

While the beaver season will be one month starting Feb. 7, the commission said it might extend it in certain areas if poor trapping conditions prevail.

A four-week wild turkey season is in prospect for the north central part of the state while the remainder of the commonwealth will have a two - week season. The spring gobbler hunt, inaugurated two years ago, also will take place again next spring. The turkey season exclusive of gobblers, begins Nov. 1 with the one-week gobbler season starting next May 9.

Poher Refuses To Quit Race

Gaullists Call On France To Get Behind Pompidou

PARIS (AP) — France's Gaullist party today called for the nation to unite behind its presidential candidate, Georges Pompidou, after runnerup Alain Poher refused to quit the race.

The executive committee of the Gaullist Union of Democrats for the Republic (UDR) said: "The very strong lead Pompidou achieved in the first heat of the election gives him a mandate to unite all Frenchmen who believe in political efficacy, public liberties, social progress and national independence and peace."

Pompidou, De Gaulle's premier for six years, ran far ahead in the field of seven candidates in the first election round Sunday but failed to win a majority by more than 1¼ million votes.

Poher, who ran nearly 5 million votes behind Pompidou, had to get the Communist vote to have any chance of winning the runoff June 15. After the Communist party's central committee called for a boycott of the second round vote, some of his own supporters called for the provisional president to pull out. But Poher refused, saying that would pit Pompidou against Communist party leader Jacques Duclos 15 runoff and give the impression there was no meaningful political force in France between Gaullism and Communism.

Poher is backed by a loose alliance of his own Centrists and Socialists.

Poher, who won only 23.3 per cent of the vote to Pompidou's 44.5 per cent in the first round, indicated he had little hope of victory but was determined to put up a fight.

Sets Special Meeting

GEORGETOWN — A special meeting will be held by Georgetown Council June 16 at 7 p.m. at the borough building. Bids will be opened and contracts awarded for repaving of Washington St.

Routine business was conducted at the regular meeting Monday. The next regular meeting will be July 7 at 7 p.m.

Wards

(Continued from Page 1)

would place 5,500 residents in each ward.

The city's voter registration at the outset of the year was 7,684, a far cry from the late 1930's and the early 1940's, when it held pretty constantly between 11,000 and 12,000.

The County Election Board's records show 12,379 were on the books for the November 1941 general election. The figures from 28 years ago show the First Ward had 2,812 voters; the Second had 3,780; the Third showed 2,589 and the Fourth had 3,198.

There's a difference of nearly 4,700 between the registration figures of 1941 and 1969, but that does not mean that all 4,700 of the voters are lost to East Liverpool. Many moved to the suburbs in the big migration that followed World War II. Many more still reside inside the corporate limits, but simply did not bother to register to vote.

—:—

PROJECTS SUCH as the East Liverpool - Wellsville Rd. and the Freeway displaced many families in the West End area, accounting in part for the sharp drop in Fourth Ward registration figures.

The best guess is that East Liverpool lost 2,000 to the suburban migration and other causes and that the other 2,000 are still potential voters, even though they rarely go to the polls.

East Liverpool's long-standing ward lines are virtual landmarks. Say "First Ward" and everyone visualizes East End. And the words "Fourth Ward" bring forth the picture of West End and Pleasant Heights. Some of those traditional lines certainly will be redrawn in the redistricting.

The First Ward takes in all of East End and the area west along the River Rd. to Brookes St. The Second Ward takes in the downtown area east of St. Clair Ave. St. Clair Ave. is its western boundary for a long stretch, then it jogs west of St. Clair in the area near the city limits. The Second Ward also includes Beechwood.

The Third Ward embraces the downtown area between Broadway and Jackson St. It covers the area east of Dresden Ave. to St. Clair Ave., also taking in the Gardendale area.

The Fourth Ward, which has Jackson St. and Dresden Ave. as an eastern boundary, also is comprised of West End, Pleasant Heights and Fisher Park.

Probe Continues In Pottery Arson

Further investigation into arson in two fires at the Homer Laughlin China Co. is being made by E. L. Roush of the West Virginia Fire Marshal's office.

Arthur Wells, pottery firm executive, said Roush Tuesday took several samples of material to be tested from the site of the blazes at Plants 7 and 8 May 27.

He said Roush is arranging to question several persons about the fires which have been labeled the result of arson.

Man Pays Court Costs On 'Littering' Charge

Joshua Peachey of 1171 Harker Ave. was assessed court costs today by Municipal Judge Samuel M. Chertoff on a charge of littering the back yard at his home "with garbage, trash and open containers of vaste. . ."

Peachey pleaded guilty Monday on the affidavit filed by Jack Bonner, health commissioner, and was granted a continuance until today. As the case resumed today, the court asked the status of the property.

"Everything has been cleaned up," Ben Weber, Health Department sanitarian, told the judge.

Deaths and Funerals

Mary M. Lanning

Services for Mrs. Mary M. Lanning, 72, of 920 Denver St., widow of George N. Lanning, will be held Thursday at 11 a.m. at the Dawson Funeral Home.

Friends may call at the funeral home this afternoon and tonight.

Homer Laycock

Homer McPherson Laycock of 823 Hill Blvd., husband of Chleo Sprigg Laycock, died this morning at 3:15 at City Hospital, where he was admitted Saturday. He had been in failing health several months.

He was born in Decatur, Ohio, son of the late Dr. L. C. and Olive Purdy Laycock. He attended schools in Alexandria, Ohio, and Denison University at Granville. He lived most of his lifetime in East Liverpool.

Mr. Laycock served 39 years as office manager for the former local branch of Armour & Co., retiring 12 years ago.

He was a member of the Alexandria Baptist Church and East Liverpool Dahlia & Floral Society and was one of the four surviving charter members of the East Liverpool Masonic Lodge 681.

In addition to his widow, he is survived by a son, Homer Lee Laycock of Santa Monica, Calif.; a brother, Jerry Wilbur Laycock of Los Angeles and five grandchildren.

Services will be held Friday at 2 p.m. at the Dawson Funeral Home. Burial will be in Columbiana County Memorial Park.

Friends may call Thursday afternoon and night at the funeral home, where Masonic services will be held Thursday at 8 p.m.

The family requests that memorial tributes take the form of contributions to the Division for the Blind, Cleveland Public Library.

Ralph Winn

Services will be held Thursday for Ralph M. Winn, 81, a World War I veteran, who died Monday at the Cleveland Veterans Administration Hospital after a long illness.

He was born Aug. 27, 1887, in Jackson County, W. Va., a son of Isaac and Almira Young Winn. He at one time resided in Minnesota and previously lived at Guilford Lake.

He leaves two brothers, James R. Winn of East Liverpool and Cecil Casto of Wellsville, and a niece, Mrs. Davis J. (Marie) Wright of East Liverpool, who assumed responsibility for his care since his illness, and several nieces and nephews.

Services will be held Thursday at 1:30 p. m. at the MacLean Funeral Home in Wellsville by the Rev. Albert E. Thomas of the Second Church of Christ in East End. Burial will be in Locust Hill Cemetery in Chester.

Friends may call at the funeral home this afternoon and evening.

Catherine Barbuto

Miss Catherine Ann Barbuto, 21, of 1512 Etruria St., an employe at the Hall China Co., died Tuesday at 8 a. m. at West Penn Hospital, Pittsburgh, after a brief illness.

She was born Feb. 24, 1948, in Buckhannon, W. Va., a daughter of Paul F. and Hilda K. Cannon Barbuto, who survive at home. She had resided in East Liverpool for seven years and was graduated from the local high school in 1967. She was a member of the St. Ann's Catholic Church in East End.

Besides her parents, she is survived by four brothers, Anthony Barbuto, a student at Ohio University, Paul Barbuto, Brian Barbuto and George Barbuto, all at home, and the maternal grandmother, Mrs. Agnes Cannon of Mablethorpe, England.

Services will be held Friday at 10 a. m. at the church by Fr. Robert E. Sfara. Burial will be in Calvary Cemetery, Pittsburgh.

Friends may call Thursday afternoon and night at the Dawson Funeral Home, where the Rosary will be recited tonight at 8.

Report Seen Just Another Ferry Tale

Anybody here seen a ferry? United Press International reports it has been advised a ferryboat owner from the New Matamoras area is scheduled to begin a ferry operation between Chester and East Liverpool as a result of the closing of the Chester Bridge.

Dave Harmon, who has been operating the boat crossing at Fly, Ohio, reportedly is going to undertake a similar business here.

However, city officials at Chester and East Liverpool, the Corps of Army Engineers, the Ohio Department of Highways and public utilities officials of West Virginia and Ohio know nothing of such plans and have received no applications or information.

The staff at the Stratton Dam said workers saw the picture and heard the story about the ferry on television, and had been looking for the boat and its flat.

Other area residents have been wondering where the operation is located and how it would make much of a profit.

The Department of highways of Columbus said a routine story was written recently about the ferry which has operated at Fly for 104 years, but said it had no information about a move to East Liverpool.

Perhaps it will come floating out of the mists later this week like the legendary "Flying Dutchman" of the sea tales. More likely, it will become just another ferry tale.

Cumberland's Council Fixes License Fees

NEW CUMBERLAND—Third and final reading was given an ordinance to add four new sections to the general licensing chapter of the City Code during a meeting of New Cumberland Council Monday night.

The ordinance will become effective July 1. Traveling photography studios will be charged $15 for a license. Candy machines of the one-cent variety will be licensed at $2 a year and other vending machines of the 5-cent or larger variety will cost $5 a year.

Five-cent music machines will cost the operator $5 a year. Club licenses will be $100 a year and the annual professional fee will be $10.

First reading was given legislation creating a park commission. The commission will operate without remuneration. Second reading is set for June 9.

Councilman Dean Chamberlain will preside at the next meeting for Mayor Arthur Watson, who will be absent.

Mayor Watson said that nearly half the sewer refunds have been made. Deadline for completion of the refunds is Aug. 27.

A preliminary estimate of $25,000 was received from Cerrone and Vaughn of Wheeling, consulting engineers, for water improvements. The improvements would include addition of a second well and repair of broken valves on the present well.

Reports were read from the New Cumberland Air Pollution Council.

Penalties Set For 2 Youths In Fire Here

LISBON — Two East Liverpool boys were punished Tuesday in Juvenile Court for setting fire to a vacant house at Walters and Holiday Sts. April 15. Both are 14.

One also was sentenced for taking a television set March 21 from East Junior High School.

The one involved only in the fire was ordered to pay $50 toward the damages. The other was ordered to spend two weeks in detention beginning Friday afternoon and to pay $100 — $50 toward damages and $50 to be applied at the discretion of Juvenile Court Judge Louis Tobin.

Both boys were placed on a 5 p.m. curfew for the next six months and told not to associate with each other. They are to report weekly to the probation officer in East Liverpool.

Two Lisbon youths, 15 and 16, admitted taking a go-cart here May 19 and were fined $50 each, which they are to pay from their own earnings.

Judge Tobin placed them on a 7 p.m. curfew for the next six months and ordered them to apologize to the owner of the car, Harold K. Barnes of W. Washington St.

The court continued until next Monday a hearing for two other Lisbon boys, 14 and 15, accused of taking a car May 28 on S. Market St.

Harker

standing shares, and plans to acquire more of the shares as they become available. Stonehill said his company will acquire other related companies as part of its overall growth projection and now is negotiating with another large china company.

At full production, the Harker plant has a capacity of more than 25 million pieces of dinnerware annually.

Stonehill said the acquisition agreement is in line with Jeannette's goals of expanding within general areas of its production and marketing expertise.

"We plan to utilize our sales organization with its five regional showrooms and sales managers to compete in all areas where china is sold," he said. "We also can lend technical support to the expansion of Harker's manufacturing facilities."

—:—

THE HARKER concern, known as the oldest pottery in America in continuous operation, traces its history back to its founding on the River Rd. in 1840—129 years ago.

The firm moved from the River Rd. to Chester in 1931. It modernized the former plant of the Edwin M. Knowles China Co. and then shifted across the Ohio River in one swift move without a real interruption in production. The Knowles firm, meanwhile, was occupying its newer plant in Newell.

Harker's principal stockholders are David G. Boyce, president; Robert E. Boyce, treasurer of the firm and president of the First National Bank; Richard Boyce of Washington, D. C., Eugene Boyce of Chester and Mrs. Rachel Boyce Lang of East Liverpool.

Other stockholders include John Pinney, vice president; Francis H. Lang, husband of Mrs. Rachel Lang and secretary of the firm, and Dr. James Robson of Shaker Heights.

David Boyce issued a statement in connection with the acquisition of the company by Jeannette Glass. He said:

"Harker management feels sincerely that the best interests of Harker employes and the tri-state area are served by a marriage to the Jeannette Glass Co., which, with young, vigorous, successful and established management, can do a job superior to the present Harker management.

"Furthermore, they have excellent sales offices and diversified distribution. They plan to add capital expenditures, vigor and growth to this Harker Division, which was established 129 years ago — America's oldest pottery. They assure progress and growth to our community."

—:—

HISTORY shows the Harker plant was the second pottery to be established in East Liverpool when it was erected on a River Rd. site by Benjamin Harker Sr. It was preceded only by the plant of James Bennett, known as the founder of the pottery industry in this area.

At various times many years ago, the company was known briefly by other names but there always was a Harker at the helm. In its early history, it was noted for the quality and quantity of its Rockingham and yellow ware.

The present management announced its annual vacation shutdown has been scheduled for June 20-July 7 in order that all employes may take time off at the same time.

Income Tax Given OK At Shippingport

SHIPPINGPORT — Legislation providing a 1 per cent income tax was approved by Council Tuesday night.

The new tax on earned income of residents and non - residents who work in the borough will go into effect July 1, officials said. Half of the tax levied on residents will be shared with the South Side School District, it was explained.

The board of education of the school district is expected to authorize a permissive resolution to join the tax program.

Council also adopted an ordinance providing for stricter control of trash and refuse in the community.

Drawings of the three borough signs being constructed by the Duquesne Light Co. designating Shippingport as the home of the first atomic plant in the United States were accepted.

Approval was given for seven new mercury street lights to be installed in the borough.

Miss Aletha Cain was hired as borough assessor. Bills totaling $712 were paid. The next meeting will be July 1.

8 More Treated In Emergencies

A member of the Parsons Little League baseball team and another youngster playing basketball were among eight treated in the emergency room at City Hospital Tuesday.

Rickey Dawson, son of Paul Dawson of 1709 Cleveland Ave., was playing baseball when he fractured his right wrist and Thomas Hanselman, son of Sterling Hanselman of 919 W. 8th St., lacerated his scalp while playing basketball.

Others treated and released included Christiana Travis, stepdaughter of Harold Stull of 1309 Erie St., lacerated right thumb on a screen door hook; Rebecca Haught, daughter of Arthur Haught of Georgetown RD 1, contusion of the right foot from a fall.

Mrs. Joyce Black, wife of Donald Black, 344 W. 5th St., contusion of the left foot from a fall; Clayton Smith, son of Dan Smith of RD 3, lacerated lip in a fall while going up steps; Frank Morrison, son of James Morrison of 1174 Erie St., contusion of left elbow in a fall from a bicycle, and Kathie Talbott, daughter of Larry Talbott RD 1, fracture of small finger on left hand in fall on sliding board.

Probe Continues In Pottery Arson

Further investigation into arson in two fires at the Homer Laughlin China Co. is being made by E. L. Roush of the West Virginia Fire Marshal's office.

Arthur Wells, pottery firm executive, said Roush Tuesday took several samples of material to be tested from the site of the blazes at Plants 7 and 8 May 27.

He said Roush is arranging to question several persons about the fires which have been labeled the result of arson.

Man Pays Court Costs On 'Littering' Charge

Joshua Peachey of 1171 Harker Ave. was assessed court costs today by Municipal Judge Samuel M. Chertoff on a charge of littering the back yard at his home "with garbage, trash and open containers of vaste. . ."

Peachey pleaded guilty Monday on the affidavit filed by Jack Bonner, health commissioner, and was granted a continuance until today. As the case resumed today, the court asked the status of the property.

"Everything has been cleaned up," Ben Weber, Health Department sanitarian, told the judge.

Federal Officials Hurl Charge

Columbus Gamblers Hit In Payoffs To Vice Squad

WASHINGTON (AP) — Federal officials have charged that gamblers in Columbus, Ohio, have "had almost every member of the city's vice squad on their payroll."

Asst. Atty. Gen. Will R. Wilson in testimony Tuesday before the Senate subcommittee on criminal laws and procedures spoke only of a "major midwestern city" when he said that "low-level officers were reported receiving $250 per month and their superiors as much as $500" from local numbers operators.

But other federal officials later confirmed Wilson had been talking about Columbus. And the Nashville Tennessean quoted Wilson as identifying the midwestern city as the Ohio capital.

Wilson told the subcommittee, headed by Sen. John L. McClellan, D-Ark., that the Justice Department had "uncovered evidence that local numbers operators had almost every member of the city's vice squad on their payroll."

He also said "the involvement of the police went so far as to include pressure by the chief of the squad put on a dissident gambler to bring him in line with his fellow numbers operators."

Wilson appeared before the subcommittee on behalf of President Nixon's proposal to make it a federal crime to conspire to obstruct enforcement of local and state criminal laws in order to promote an illegal gambling business.

He said there is a need for such a statute on grounds of widespread police corruption in several major urban areas.

Specifically, he named a "major southern city"—the Nashville Tennessean quoted him as referring to Nashville—that has had "an open history of police corruption over the past 18 years."

945 Reds Slain In Last 3 Weeks, Military Says

SAIGON (AP) — South Vietnamese troops and heavy American air and artillery strikes have killed 945 North Vietnamese in three weeks of fighting around DakTo, in the Central Highlands, military spokesmen reported today.

The South Vietnamese and their American advisers also suffered heavy losses. More than 700 casualties were reported, including 157 government troops and 13 Americans killed, 455 South Vietnamese and 32 Americans wounded; 71 government soldiers and two Americans missing.

The operation, named People's Rights, is providing a test of U.S. plans to turn over more and more of the war to South Vietnamese forces so American forces can begin withdrawing from Vietnam.

"It is an entire ARVN (Army of the Republic of Vietnam) show with the exception of such American combat support as artillery, tactical air strikes, gunships and medical evacuation helicopters," one U.S. spokesman said.

Other spokesmen said that American support had accounted for roughly half of the North Vietnamese killed. Hundreds of U.S. B52 bombers and smaller fighter-bombers have pounded the enemy with more than 10,000 tons of bombs. Thirty B52s flew five more missions over the area Tuesday night and early today, dropping 900 tons of bombs.

Hanoi claimed more than 3,000 government soldiers had been killed or wounded, wiping out one South Vietnamese battalion and crippling or decimating six others.

Two Autos Damaged

Cars operated by Arthur DuMoulin Jr. of 614 15th St., Wellsville, and Dale T. Flam of Wellsville RD 1 were involved in a mishap on Lisbon St. near 3rd St. Tuesday night, Wellsville police reported.

Officers said DuMoulin slowed his car but the brakes failed and the 1955 auto hit the rear of the 1966 car operated by Flam. The accident occurred at 10:50 p.m.

Firemen Enroll Four At Newell

Four new members were accepted for a year probationary period at a meeting of the Newell volunteer firemen Monday night at the fire hall.

They are Clifford Tiller, Warren Brown, Jerry Powell and John Franczek.

Discussion was held on a first aid class tentatively set for July 10. Announcement was made that an advanced fire course will be held Sunday afternoon at the Franklin Community Center near Wellsburg.

The department announced it will sponsor screening of a film, "Child Molesting," for civic groups in Newell in conjunction with the Weirton Police Department. The date for the showing will be announced later.

The carnival committee reported carnival ride tickets are on sale now at $1 for a strip of eight. All firemen have the tickets, and business establishments will be issued tickets today for the carnival June 21-28. Clubs or groups which plan to have a stand at the carnival and have not as yet contacted the firemen may notify Gene Lytton.

The next meeting will be June 16 at the fire hall.

Bond Set At $5,000 In 'Contributing' Case

LISBON — William H. Nixon, 38, of the SOI Hotel, Wellsville, is being held in the Columbiana County Jail in lieu of $5,000 bond set Tuesday in Juvenile Court.

An affidavit filed by James L. Miller, Juvenile Court probation officer, states that Nixon contributed to the delinquency of an 11-year-old girl in April by having sexual intercourse with her.

Nixon pleaded not guilty at arraignment yesterday before Judge Louis Tobin. No hearing date has been set.

Bear Season Also Cut

Pennsylvania Reduces Number Of Doe Licenses

HARRISBURG, Pa. — Pennsylvania, where more hunting and fishing licenses are sold than any other state, is reducing the number of antlerless deer licenses by 25 per cent in 1969-70.

It also has reduced the bear season to just two days, shortest on record in the state, because of a heavy recent reduction in the size of the bruin population.

The Pennsylvania Game Commission announced the changes Tuesday along with setting the hunting seasons for other species.

The commission announced these seasons:

—A five-week archery deer season starting Sept. 27.

—An early small game season starting Oct. 18.

—A four - week general small game season opening Nov. 1.

—A two-day bear season Nov. 28-29.

—A two - week antlered deer season starting Dec. 1.

—A two-day antlerless deer season Dec. 15-16.

The commission noted there was a particularly heavy reduction of bear in the north central part of the state, the primary bear range.

In addition to the short season on bear, a hunting party of five or more persons will be permitted to kill only one bear.

Only 379,000 antlerless deer licenses will be available to hunters this year, compared with 482,500 authorized one year ago. The commission noted that in counties where the deer population has decreased significantly, there is a sharp drop in the number of antlerless licenses allocated.

As was the case last year, the commission again has reserved one or two days for extension of the season in event of inclement weather.

A number of changes were made in connection with beaver trapping. This year, no more than two 10-inch by 10-inch body gripping traps may be set for beavers by an individual trapper. Total number of traps by an individual remains at 10.

While the beaver season will be one month starting Feb. 7, the commission said it might extend it in certain areas if poor trapping conditions prevail.

A four-week wild turkey season is in prospect for the north central part of the state while the remainder of the commonwealth will have a two - week season. The spring gobbler hunt, inaugurated two years ago, also will take place again next spring. The turkey season exclusive of gobblers, begins Nov. 1 with the one-week gobbler season starting next May 9.

Poher Refuses To Quit Race

Gaullists Call On France To Get Behind Pompidou

PARIS (AP) — France's Gaullist party today called for the nation to unite behind its presidential candidate, Georges Pompidou, after runnerup Alain Poher refused to quit the race.

The executive committee of the Gaullist Union of Democrats for the Republic (UDR) said: "The very strong lead Pompidou achieved in the first heat of the election gives him a mandate to unite all Frenchmen who believe in political efficacy, public liberties, social progress and national independence and peace."

Pompidou, De Gaulle's premier for six years, ran far ahead in the field of seven candidates in the first election round Sunday but failed to win a majority by more than 1¼ million votes.

Poher, who ran nearly 5 million votes behind Pompidou, had to get the Communist vote to have any chance of winning the runoff June 15. After the Communist party's central committee called for a boycott of the second round vote, some of his own supporters called for the provisional president to pull out. But Poher refused, saying that would pit Pompidou against Communist party leader Jacques Duclos 15 runoff and give the impression there was no meaningful political force in France between Gaullism and Communism.

Poher is backed by a loose alliance of his own Centrists and Socialists.

Poher, who won only 23.3 per cent of the vote to Pompidou's 44.5 per cent in the first round, indicated he had little hope of victory but was determined to put up a fight.

Sets Special Meeting

GEORGETOWN — A special meeting will be held by Georgetown Council June 16 at 7 p.m. at the borough building. Bids will be opened and contracts awarded for repaving of Washington St.

Routine business was conducted at the regular meeting Monday. The next regular meeting will be July 7 at 7 p.m.

Wards

(Continued from Page 1)

would place 5,500 residents in each ward.

The city's voter registration at the outset of the year was 7,684, a far cry from the late 1930's and the early 1940's, when it held pretty constantly between 11,000 and 12,000.

The County Election Board's records show 12,379 were on the books for the November 1941 general election. The figures from 28 years ago show the First Ward had 2,812 voters; the Second had 3,780; the Third showed 2,589 and the Fourth had 3,198.

There's a difference of nearly 4,700 between the registration figures of 1941 and 1969, but that does not mean that all 4,700 of the voters are lost to East Liverpool. Many moved to the suburbs in the big migration that followed World War II. Many more still reside inside the corporate limits, but simply did not bother to register to vote.

—:—

PROJECTS SUCH as the East Liverpool - Wellsville Rd. and the Freeway displaced many families in the West End area, accounting in part for the sharp drop in Fourth Ward registration figures.

The best guess is that East Liverpool lost 2,000 to the suburban migration and other causes and that the other 2,000 are still potential voters, even though they rarely go to the polls.

East Liverpool's long-standing ward lines are virtual landmarks. Say "First Ward" and everyone visualizes East End. And the words "Fourth Ward" bring forth the picture of West End and Pleasant Heights. Some of those traditional lines certainly will be redrawn in the redistricting.

The First Ward takes in all of East End and the area west along the River Rd. to Brookes St. The Second Ward takes in the downtown area east of St. Clair Ave. St. Clair Ave. is its western boundary for a long stretch, then it jogs west of St. Clair in the area near the city limits. The Second Ward also includes Beechwood.

The Third Ward embraces the downtown area between Broadway and Jackson St. It covers the area east of Dresden Ave. to St. Clair Ave., also taking in the Gardendale area.

The Fourth Ward, which has Jackson St. and Dresden Ave. as an eastern boundary, also is comprised of West End, Pleasant Heights and Fisher Park.

Palmer Leads Qualifiers At Youghiogheny Course

MCKEESPORT, Pa. (AP) — Arnold Palmer, reduced to the point of having to qualify for the U.S. Open Golf Tournament, scotched reports today that he is considering early retirement.

"What about the rumor that you're going to quit after you've won one more big one?" Palmer was asked after he shot rounds of 70-68—138 to lead sectional trials for next week's Open at Houston.

"I don't know where that rumor got started," Palmer replied. "I really haven't thought about quitting. I think if I won another big one I wouldn't be happy until I won still another one."

This failed to satisfy the post-match inquisitors.

"You're 39," somebody reminded the game's all-time leading money winner. "Some people say the reason you haven't been putting well is that you're concerned that you're nearing 40."

"Yeah," Arnie said. "I'll putt miserable until I'm 40. Then I'll be over the hill and I'll start putting well again."

The man who personally has made more than a million dollars on the tour and helped build the circuit into a $6 million enterprise looked anything but a washed-up has-been Tuesday as he whipped over the hilly, par 72 Youghiogheny Country Club course twice with only a single bogey in 36 holes.

Arnie was inspired by members of Arnie's Army, 4,500 strong, who poured out to the Western Pennsylvania hills to cheer their man in one of the toughest tests he has faced as a pro golfer.

"Sure, I was nervous," Palmer said. "I've been playing pro golf 15 years. I get nervous every time I tee up the ball. When I don't, I will quit."

The Latrobe, Pa., millionaire, winner of the Open in 1960 and four times a runnerup since, losing in three playoffs, refused to be bitter over being forced to qualify.

"The authorities who run the U.S. Golf Association say I should qualify—it's the rule—and who am I as an individual to say otherwise?" Palmer said.

"But if you asked me if I were in a position to make the decisions would I make a man like myself qualify, I would say no."

Palmer hasn't won a major crown since his fourth Masters in 1964. His last tournament triumph was in the Kemper Open at Sutton, Mass., last September.

He said he planned to skip the Western Open this weekend and fly Monday to the Champions club in Houston, where the Open starts June 12.

He won the first Champions tournament there in 1966 and finished second the next year. He also played there in October, 1967.

"I like the course," he said. "If I can continue putting well, I may have a chance."

Reds Top Bucs; Cepeda Hits Again

By HERSCHEL NISSENSON

Gil Hodges feels good and hopes to feel better. Gene Mauch has felt better and knows what it's like to feel worse.

Therein lies the tale of two expansion clubs—the New York Mets playing like no Met team has ever played before and the Montreal Expos playing like only one Met has ever played before.

It all came about Tuesday night when the Mets trounced Los Angeles 5-2 and went over the .500 mark after the first week of the season for the first time in their eight-year existence.

The Expos, meanwhile, were bombed by San Francisco 9-3. It was their 17th straight loss, equalling the major league record for expansion teams set by the never-to-be-forgotten fledgling Mets of 1962.

Elsewhere in the National League, St. Louis stopped Atlanta 5-2, Cincinnati shelled Pittsburgh 7-3 and San Diego shaded Philadelphia 6-5. The Chicago Cubs tripped Houston 4-2 in the only afternoon action.

"Being over .500 feels good," said Met Manager Hodges after their sixh straight triumph boosted the New Yorkers into second place in the National League East with a 24-23 record, one percentage point ahead of Pittsburgh. "Being two games over will feel even better."

Mauch isn't concerned with the .500 mark. He'd just like to win a game, something the Expos haven't done since May 10.

"I've felt better and I've felt worse," he said. "I feel like we're too good for this to be happening."

Six more losses and the Expos will have tied the modern major league losing record of 23 by the 1961 Phillies—managed by none other than Gene Mauch.

"I've won 500 games since the thing in Philadelphia," Mauch remembered. "I've forgotten about it. We'll win a couple of games and they'll forget about this one, too."

Ed Kranepool hit two home runs and Tom Seaver hurled eight strong innings to pace the Mets past the Dodgers. Kranepool's leadoff homer in the fifth was the first hit off loser Alan Foster. An inning later Wayne Garrett singled and scored when Andy Kosco and Willie Davis ran together under Cleon Jones' fly ball and it fell for a triple. Kranepool followed with his second homer. Kosco hit a two-run shot for the Dodgers in the eighth.

"When you take advantage of your breaks you always look good," Hodges said. "I see no reason why this club shouldn't be improving. Six in a row, that's close to their capabilities."

San Francisco gave Montreal the Willies. Willie McCovey knocked in three runs with a double and his 17th homer and Willie Mays hit the 593rd circuit of his career.

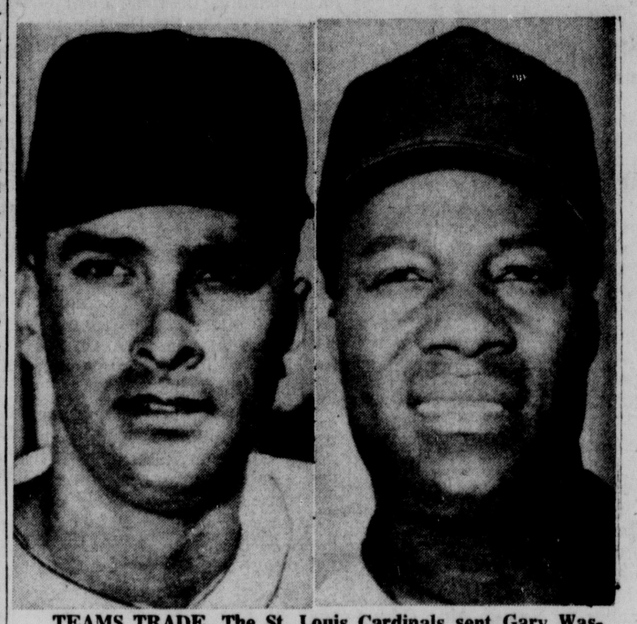
The Giants blasted no-hit Bill Stoneman for runs in the third, wiping out a 1-0 Montreal lead, and added three more an inning later as Mays and McCovey cracked successive homers.

Vada Pinson and Joe Torre each drove in two runs and Steve Carlton hurled a five-hitter as St. Louis turned back Atlanta. It was only the seventh victory in 24 home games for the Cardinals. The only runs off Carlton were solo homers by Orlando Cepeda and Hank Aaron.

Alex Johnson and Tony Perez stroked run-scoring singles with two out in the seventh inning as Cincinnati broke a 3-3 tie and whipped Pittsburgh. The Reds added two more in the eighth. Roberto Clemente's three-run homer in the sixth accounted for all the Pirate runs.

Al Ferrara's two-run double and Ollie Brown's two-run homer helped San Diego to an early 5-1 lead and the expansion Padres held on to beat the Phillies and extend their winning streak to five games.

Randy Hundley singled in the winning run in the sixth inning and Don Young doubled home an insurance tally as the Cubs won their fifth straight and took an 8½-game lead over the Mets and Pirates. Joe Morgan's homer in the top of the sixth had tied the score for Houston.



TEAMS TRADE. The St. Louis Cardinals sent Gary Waslewski (left) 0-2, to the Montreal Expos for Jim (Mudcat) Grant (right) 1-6 in a trade involving pitchers yesterday. (UPI Telephotos)

Medics Whip Burbick's In LL Play

The Medics bombed Burbick's 16-9 in a Little League game last night.

Greg Golding was the winning pitcher and Jeff Jones the loser. Bruce Staley had four hits to lead Medics. Mike McCartney had a triple and two singles and Bill Vocial, Jeff Martin, Dave Gibson and Golding had two hits each. Dave Jackson had a double and two singles and Dean Badgley two hits for the losers.

Chester Legion nipped Parsons Coal 9-8 as Rich Pecora was the winner and Vince Pecora homered. Bill Maltarich had a double and single. Brian Wright had a triple and single for the losers and Scott Stacy doubled. Michael Mackey took the loss.

Travelers edged Golden Star 4-3 as Steve Baker drove in the winning run. Rod McComas was the winning pitcher. Mike Payne had two hits for the losers.

In a Monday night game Veteran Plate edged Golden Star 4-3. Ken Montgomery got the win, fanning 12. Fred Kinsey took the loss, fanning nine, and hit a homer and double

Lawrenceville Wins Opener 2-1

Lawrenceville nipped Raccoon Twp. 2-1 on the loser's field Tuesday night in a South Side Athletic Club senior division game.

John Mumaw was the winning pitcher, fanning 15, while Mike Skof took the loss, though he struck out 17 in the seven-inning contest. Terry Simpson had two hits for the winners and Pete Fetchin two hits for the losers. The contest was the opener for both teams.

Litten's Nips Sevy's 3-2 In 9th Inning

Litten's edged Sevy's 3-2 in nine innings in a Pony League game at Dixonville last night.

Eric Hopple walked, stole second and scored on a hit by Larry Chamberlain in the last of the ninth. Chamberlain was the winning pitcher in relief of Williams. O'Hanlon took the loss in relief of Anderson. Bob Boughner had three hits and Glass and Williams two each for the winners. Moore and Kuczynski had three hits each and Mark Hissom two for Sevy's. Litten's pulled off three double plays.

There will be a make-up game between Woodbine's and Sevy's at Dixonville at 6 tonight.

Roy Walker of Midland has been named to the all-WPIAL track team for his performance in the 100-yard dash.

Dave Grimm of Western Beaver had the best two-mile run in Beaver County this spring, a 10:08.1. And Grimm ran only the mile and 880 in most dual meets. Midland's 880-yard relay time of 1:33.2 was also the best in the county in 1969.

WEST VIRGINIA beat Ohio 12-0 in the in- the annual high school all-star football game Saturday night at Wheeling. The West Virginians scored twice in the first period, on a punt return and a fumble recovery. West Virginia intercepted six Ohio passes in the defensive struggle, including five thrown by Allen Hornyak of Bellaire St. John's.

LARRY BOYER, former baseball star at Riverside High School and Marietta College, was killed in action in Vietnam May 25. Boyer, who attended Marietta for two years after graduating from Riveside in 1964, was a corporal in the Marines.

WHEN ROD CAREW of the Twins stole second, third and home in one inning recently, it marked the first time in 28 years that this feat had been pulled off in the majors. Ty Cobb did it three times from 1909-12, while Honus Wagner and Max Carey of the Pirates each did it twice.

ONE REASON the Cubs are the hottest team in the National League is their defense. The Bruins lead the league in fielding with a .982 mark. The Piates are third.

THE PIRATES will conduct a tryout camp June 7 from 10 a.m. to 3 p.m. at Perkins Field in Bridgeport. Interested players should bring a complete uniform. American Legion players must bring written permission from their coach to participate.

FORMER PIRATE shortstop Gene Michael, now with the Yankees, is attempting to become a pitcher.

THOSE OF US who are interested in the all-time records of players in major league baseball mourn the death of Lee Allen at 54 last week. Palmer Leads Qualifiers At Youghiogheny Course

MCKEESPORT, Pa. (AP) — Arnold Palmer, reduced to the point of having to qualify for the U.S. Open Golf Tournament, scotched reports today that he is considering early retirement.

"What about the rumor that you're going to quit after you've won one more big one?" Palmer was asked after he shot rounds of 70-68—138 to lead sectional trials for next week's Open at Houston.

"I don't know where that rumor got started," Palmer replied. "I really haven't thought about quitting. I think if I won another big one I wouldn't be happy until I won still another one."

This failed to satisfy the post-match inquisitors.

"You're 39," somebody reminded the game's all-time leading money winner. "Some people say the reason you haven't been putting well is that you're concerned that you're nearing 40."

"Yeah," Arnie said. "I'll putt miserable until I'm 40. Then I'll be over the hill and I'll start putting well again."

The man who personally has made more than a million dollars on the tour and helped build the circuit into a $6 million enterprise looked anything but a washed-up has-been Tuesday as he whipped over the hilly, par 72 Youghiogheny Country Club course twice with only a single bogey in 36 holes.

Arnie was inspired by members of Arnie's Army, 4,500 strong, who poured out to the Western Pennsylvania hills to cheer their man in one of the toughest tests he has faced as a pro golfer.

"Sure, I was nervous," Palmer said. "I've been playing pro golf 15 years. I get nervous every time I tee up the ball. When I don't, I will quit."

The Latrobe, Pa., millionaire, winner of the Open in 1960 and four times a runnerup since, losing in three playoffs, refused to be bitter over being forced to qualify.

"The authorities who run the U.S. Golf Association say I should qualify—it's the rule—and who am I as an individual to say otherwise?" Palmer said.

"But if you asked me if I were in a position to make the decisions would I make a man like myself qualify, I would say no."

Palmer hasn't won a major crown since his fourth Masters in 1964. His last tournament triumph was in the Kemper Open at Sutton, Mass., last September.

He said he planned to skip the Western Open this weekend and fly Monday to the Champions club in Houston, where the Open starts June 12.

He won the first Champions tournament there in 1966 and finished second the next year. He also played there in October, 1967.

"I like the course," he said. "If I can continue putting well, I may have a chance."

Red Sox Keep Rolling, Can't Gain On Orioles

By MIKE RECHT
Associated Press Sports Writer

Those were the days, my friend . . .

When Carl Yastrzemski was getting the key hits and Jim Lonborg was pitching the clutch victories, and the Boston Red Sox were pulling the miracle of Fenway Park by winning the 1967 American League pennant.

Yes, those were the days . . .

When Rico Petrocelli was playing like the best shortstop in the league.

Those were the days . . . and the Red Sox spent all of 1968 reminiscing, but no more. Now the Sox are too busy reliving them.

That's the way it was Tuesday night when Yastrzemski rapped a single, triple and homer, Petrocelli added another homer and Lonborg pitched his first complete game since last August as Boston blasted the Chicago White Sox 8-2.

The victory left the Red Sox only 3½ games behind first place Baltimore in the East Division of the American League after the Orioles outlasted Oakland 3-1 on 11th inning homers by Frank Robinson and Boog Powell.

In other games, California dropped world champion Detroit 8½ games back with a 4-2 victory over the Tigers, Minnesota halted the New York Yankees 4-0, Kansas City defeated Washington 5-3 and Cleveland trimed Seattle 3-1.

Yastrzemski, who fell far below his 1967 Triple Crown performance as Boston finished a disappointing fourth last season, drilled his 13th homer with two on in the first inning against the White Sox. Reggie Smith followed with his seventh homer.

Petrocelli, who also had an off-year in 1968, remained tied for the major league lead in homers in the fifth with No. 17, one less than his most productive season. He also followed Yaz' triple in the sixth with one of his own, and Yaz later singled in another run, raising his runs batted in total to 38.

But the man of the hour had to be Lonborg, who won 22 games in 1967 before a ski accident that required knee surgery sent him skidding to 6-10 last year, and then a shoulder ailment kept him out for about a month early this year.

"We're pleased, quite pleased with Lonnie," said a smiling Manager Dick Williams after Lonborg raised his record to 5-0 with a seven-hitter.

Robinson and Powell, looking like the ballplayers they were in 1966 when Baltimore won the pennant, slammed consecutive homers to open the 11th against Lew Krausse. It was Robby's 13th, boosting his average to .328, and Powell's ninth, giving him 39 RBI.

Reggie Jackson of Oakland had sent the game into extra innings with his 17th in the seventh before the Orioles won for the 14th time in 17 games.

Aurelio Rodriguez broke a 1-1 tie in the fourth inning with a homer and Jim Hicks added a two-run shot in the sixth as California beat the Tigers behind Andy Messersmith's six-hitter for his first triumph after five losses.

Harmon Killebrew and Tony Oliva homered for Minnesota and Dave Boswell protected the runs with a two-hitter before giving way to Ron Perranoski in the eighth when a blister on his pitching hand forced him out after another hit.

Wally Bunker, 2-2, with a five-hitter, hurled his first complete game since last August for Kansas City, which broke a six-game losing streak as Joe Foy and Lou Pinnella each drove in two runs in a four-run fifth inning.

Luis Taint, backed by homers from Duke Sims and Lou Klimchock, continued his comeback with a four-hitter before Juan Pizarro and Stan Williams got the last three outs in Cleveland's triumph. It was Taint's second straight triumph after he lost his first seven games, but Ray Oyler's homer in the fifth kept in tact Seattle's record of having never been shut out.

Maury Wills Announces Retirement

MONTREAL (AP) — Maury Wills has finally decided that even he can't steal first base.

The 36-year-old shortstop, one the great base stealers in baseball history, asked the Montreal Expos Tuesday night to place him on the voluntary retired list.

Bogged down with a .198 batting average, Wills informed the Expos of his decision to end his career after a decade in which he stole 514 bases, including a modern major league mark of 104 in 1962. He had 12 steals this season, fourth best in the National League.

Wills was not available for coment, but Jim Fanning, general manager of the Expos, said he found a "simple typewritten letter" in his office in which Wills asked to be placed on the voluntary retired list.

Stanton, Potters, Beavers, Tigers On Winning Side

East Liverpool, Stanton, Beaver Local and Wellsville were the only area schools to enjoy successful spring sports seasons.

The Potters and Beavers posted winning marks in all three spring sports, while Stanton was unbeaten in track and Wellsville had a winning record on the cinders. Stanton and Wellsville do not have other spring sports.

The other area schools did not have winning records in anything, though Oak Glen's track team, successful in the big meets, might have done well if it had attempted a triangular or dual meet, which it did not.

Stanton had the best overall percentage, of 1.000, while the Potters were at .805 and Beaver Local at .703.

Dike Choice In Belmont

NEW YORK (AP) — Take it from Eddie Belmonte, Majestic Prince won't sweep racing's Triple Crown by winning the Belmont Stakes at Belmont Park Saturday.

Arts and Letters won't win the Belmont, either, in the opinion of Belmonte who has come to the fore in the past year as a leading jockey.

The winner of the Belmont will be Dike, Belmonte said Tuesday after working out the Caliborne Farm colt.

"He won't be beat Saturday," Belmonte said without ifs or buts after dismounting. Dike, who finished third in the Kentucky Derby to Majestic Prince and Arts and Letters after winning the Wood Memorial, had worked a fast seven furlongs in 1:23 3-5 and galloped out 1⅛ miles in 1:53 1-5.

"He went smooth as anything you could ask and finished real strong," Belmonte enthused. He repeated "He won't be beat Saturday."

Johnny Longden, trainer of Majestic Prince, grinned when he heard of Belmonte's remark about Dike.

"Well, he's been beat before," Longden said.

Longden, who rode the unbeaten Majestic Prince in a 1:51 4-5 for 1⅛ miles in a Sunday workout, merely galloped the big red colt around the 1½ mile oval Tuesday and declared The Prince "is looking better and better every day."

Arts and Letters, who won the Metropolitan Mile Handicap at Aqueduct last Friday, also galloped the 1½ miles. "He's coming up to the race very well," said trainer Elliott Burch.

As of today a field of six is probable for the Belmont. In addition to Majestic Prince, Arts and Letters and Dike, Prime Fool, Rooney's Shield and Distray are expected to be entered.

Paul Mellon's Rokeby Stable led money winning owners during last winter's Hialeah meeting with $160,525 in purses.

Dike Choice In Belmont

NEW YORK (AP) — Take it from Eddie Belmonte, Majestic Prince won't sweep racing's Triple Crown by winning the Belmont Stakes at Belmont Park Saturday.

Arts and Letters won't win the Belmont, either, in the opinion of Belmonte who has come to the fore in the past year as a leading jockey.

The winner of the Belmont will be Dike, Belmonte said Tuesday after working out the Caliborne Farm colt.

"He won't be beat Saturday," Belmonte said without ifs or buts after dismounting. Dike, who finished third in the Kentucky Derby to Majestic Prince and Arts and Letters after winning the Wood Memorial, had worked a fast seven furlongs in 1:23 3-5 and galloped out 1⅛ miles in 1:53 1-5.

"He went smooth as anything you could ask and finished real strong," Belmonte enthused. He repeated "He won't be beat Saturday."

Johnny Longden, trainer of Majestic Prince, grinned when he heard of Belmonte's remark about Dike.

"Well, he's been beat before," Longden said.

Longden, who rode the unbeaten Majestic Prince in a 1:51 4-5 for 1⅛ miles in a Sunday workout, merely galloped the big red colt around the 1½ mile oval Tuesday and declared The Prince "is looking better and better every day."

Arts and Letters, who won the Metropolitan Mile Handicap at Aqueduct last Friday, also galloped the 1½ miles. "He's coming up to the race very well," said trainer Elliott Burch.

As of today a field of six is probable for the Belmont. In addition to Majestic Prince, Arts and Letters and Dike, Prime Fool, Rooney's Shield and Distray are expected to be entered.

Paul Mellon's Rokeby Stable led money winning owners during last winter's Hialeah meeting with $160,525 in purses.

Nicklaus Defends Title In Western Open Golf

MIDLOTHIAN, Ill. (AP) — Big Jack Nicklaus seeks a record third consecutive title in one of this country's oldest golf tournaments, the Western Open, beginning Thursday with Arnold Palmer the only major name missing among the challengers.

Palmer, the game's all-time leading money winner, took the week off to (1) qualify for the U.S. Open in sectional tests at McKeesport, Pa., and (2) work on his spotty game for the national championship next week at Houston.

Palmer, forced to qualify for the first time in a decade, made it with a score of 70-68—138 Tuesday.

Nicklaus, like most of the game's top names, has made only periodic appearances on the tour since the Masters, two months ago, but almost all have gathered for this 66th Western, a tournament that dates back to 1901.

That first tournament, incidentally, was played on the site of this year's event, the 6,654-yard, par 71 Midlothian Country Club course, and this marks its first return.

Among the top contenders for Big Jack's title are South African Gary Player, a flambuoyant Lee Trevino, PGA champion Julius Boros, Masters champion George Archer, leading money winner Gene Littler, steady Frank Beard and Billy Casper.

Casper, twice a U.S. Open champ, received the Harry E. Radix Trophy today just before the start of the pro-am event.

The trophy goes annually to the player with the lowest stroke average for a calendar year. Casper won it with an average of 69.8. It was the fifth time he had taken it, tying him with Ben Hogan for the top spot.

The course, made lush by weekend rains, was in excellent condition. It's a relatively flat layout, with knolls around the greens, but is made challenging by 88 traps and five water holes.

Red Kelly Out As LA Coach

LOS ANGELES (AP) — Red Kelly is happy he is no longer coach of the Los Angeles Kings of the National Hockey League even though he feels the Kings might be contenders for the NHL championship next season.

Kelly and the Kings parted company—by mutual agreement—Tuesday. It was no surprise, however, since rumors started flying six months ago that dissension was rife between Kelly and General Manager Larry Regan.

Kelly was hired to coach the expansion Kings in 1967-68 after a successful career of 20 years in the NHL with Detroit and Toronto.

A successor for Kelly is to be named Friday at a 10 a.m., news conference.

Waterford Park Perfecta $741

Hill Of Beans and Misty Meadow combined for a surprising $741.60 perfecta payoff at Waterford Park tonight.

The winner was only 6-1 in the betting, but few tied up the daughter of Beau Gar with Misty Meadow.

Young Jimmy Craycraft was aboard Hill Of Beans, who paid $14.80, $9.60 and $5.40 across the board.

The good perfecta was a 10-7 combination.

Castangna and Glenesk made up a 9-6 Daily Double with $29.80.

Potters Bank Edges Green's By 28-26

Potters Bank outslugged Al Green's 28-26 in a Minor League game at LaCroft last night.

Mike Wolfe had three hits, including a double, to pace the win. Steve Talbott added a double and single, Darrel Hastings a double and Jerry Echols two hits. Jim Olmstead had four hits, including a double, for the losers. John Hopper had three hits and Rob Kittridge a triple and single. Terry Echols was the winner and Hopper the loser.

TS&T edged First National Bank 16-15 in another slugfest. Bud Jividen had a triple and 3 RBIs and Steve Conley two hits for the winners, while R. Mackey and C. McConnell had two hits each for First National, with Mackey getting 3 RBIs. Conley was the winner and Doug Glass the loser.

Petrosol downed Pusateri's 11-8 as John Davis beat Hableton. D. Jones had two doubles and a single, K. Parsons three hits and Davis two doubles for the winners. Hoppel had a double and single and Payne and Cunningham doubles for the losers.

Nicklaus Defends Title In Western Open Golf

MIDLOTHIAN, Ill. (AP) — Big Jack Nicklaus seeks a record third consecutive title in one of this country's oldest golf tournaments, the Western Open, beginning Thursday with Arnold Palmer the only major name missing among the challengers.

Palmer, the game's all-time leading money winner, took the week off to (1) qualify for the U.S. Open in sectional tests at McKeesport, Pa., and (2) work on his spotty game for the national championship next week at Houston.

Palmer, forced to qualify for the first time in a decade, made it with a score of 70-68—138 Tuesday.

Nicklaus, like most of the game's top names, has made only periodic appearances on the tour since the Masters, two months ago, but almost all have gathered for this 66th Western, a tournament that dates back to 1901.

That first tournament, incidentally, was played on the site of this year's event, the 6,654-yard, par 71 Midlothian Country Club course, and this marks its first return.

Among the top contenders for Big Jack's title are South African Gary Player, a flambuoyant Lee Trevino, PGA champion Julius Boros, Masters champion George Archer, leading money winner Gene Littler, steady Frank Beard and Billy Casper.

Casper, twice a U.S. Open champ, received the Harry E. Radix Trophy today just before the start of the pro-am event.

The trophy goes annually to the player with the lowest stroke average for a calendar year. Casper won it with an average of 69.8. It was the fifth time he had taken it, tying him with Ben Hogan for the top spot.

The course, made lush by weekend rains, was in excellent condition. It's a relatively flat layout, with knolls around the greens, but is made challenging by 88 traps and five water holes.

Red Kelly Out As LA Coach

LOS ANGELES (AP) — Red Kelly is happy he is no longer coach of the Los Angeles Kings of the National Hockey League even though he feels the Kings might be contenders for the NHL championship next season.

Kelly and the Kings parted company—by mutual agreement—Tuesday. It was no surprise, however, since rumors started flying six months ago that dissension was rife between Kelly and General Manager Larry Regan.

Kelly was hired to coach the expansion Kings in 1967-68 after a successful career of 20 years in the NHL with Detroit and Toronto.

A successor for Kelly is to be named Friday at a 10 a.m., news conference.

Potters Bank Edges Green's By 28-26

Potters Bank outslugged Al Green's 28-26 in a Minor League game at LaCroft last night.

Mike Wolfe had three hits, including a double, to pace the win. Steve Talbott added a double and single, Darrel Hastings a double and Jerry Echols two hits. Jim Olmstead had four hits, including a double, for the losers. John Hopper had three hits and Rob Kittridge a triple and single. Terry Echols was the winner and Hopper the loser.

TS&T edged First National Bank 16-15 in another slugfest. Bud Jividen had a triple and 3 RBIs and Steve Conley two hits for the winners, while R. Mackey and C. McConnell had two hits each for First National, with Mackey getting 3 RBIs. Conley was the winner and Doug Glass the loser.

Petrosol downed Pusateri's 11-8 as John Davis beat Hableton. D. Jones had two doubles and a single, K. Parsons three hits and Davis two doubles for the winners. Hoppel had a double and single and Payne and Cunningham doubles for the losers.

Waterford Park Perfecta $741

Hill Of Beans and Misty Meadow combined for a surprising $741.60 perfecta payoff at Waterford Park tonight.

The winner was only 6-1 in the betting, but few tied up the daughter of Beau Gar with Misty Meadow.

Young Jimmy Craycraft was aboard Hill Of Beans, who paid $14.80, $9.60 and $5.40 across the board.

The good perfecta was a 10-7 combination.

Castangna and Glenesk made up a 9-6 Daily Double with $29.80.

ANN LANDERS

A Thankful June Bride

By Ann Landers

Dear Ann Landers: I'm going to be a June bride and you made it possible.

When I wrote to you for the first time I was 17. I kept falling into bed with every fellow who smiled at me. It didn't mean anything that I was giving myself away. I had a whole list of excuses.

I was even sleeping with boys I didn't like because I hated to hurt their feelings by saying no. You told me to get psychiatric help but I kept telling myself, "I'm not nuts. I'm just weak."

I wrote to you again on my 19th birthday. I tried to count the fellows I'd slept with so I could be completely honest with you. I had trouble remembering some of their names. When I got to No. 16, I realized something must be wrong with me. It was then that I took your advice and went for counseling.

After 14 months of therapy I'm a different person. It's hard to believe I did those crazy things. And now I understand why I did them. I had such a low opinion of myself I didn't care what I did.

A wonderful man has asked me to marry him and I feel like the luckiest girl in the world. Thank you, Ann. I'm going to name our first baby girl after you. But no one will ever know why. — HAPPY.

-:-

Dear Happy: Congratulations and best wishes.

Now Hear This!

Dear Ann: I'm so sick of the kitchen I could die.

At 6:30 a.m. I pull a 16-year-old out of bed, take her breakfast order, and fix it. At 7 a.m. I drag the 15-year-old out of bed, ask him what HE wants and go back to the stove. If I happen to have oatmeal ready, he's sure to ask for cream of wheat.

My husband gets up at 7:30. When he smells bacon he wants grits. If I have grits he wants pancakes. On the days I have cinnamon rolls he requests blueberry muffins.

No sooner do I finish the breakfast dishes, I have to start lunch for my husband. He usually brings a buddy or two. (No notice. I'm supposed to be prepared.) The kids come from school at 3:15. So I'm back in the kitchen. They always bring two or three friends.

When the kids are through snacking I have to clean up the mess and start on supper. If I'm out of the kitchen by 8 p.m. I'm lucky. Nobody helps me with the dishes. The kids have homework or social plans. My husband works hard and I wouldn't ask him to help.

Don't tell me I've spoiled my family. I know it. Just tell me what to do about it. — CHAINED.

-:-

Dear Chained: Hold a conference. Tell the clan you are ready to cave in from exhaustion. Announce new rules: (1) One breakfast menu which you will decide. (2) Lunch has been discontinued unless hubby agrees to come home alone. (3) The kids are to prepare their own snacks and clean up after themselves. (4) Dinner dishes will be done by your able-bodied teen-agers. (Yes, the boy too.)

If you aren't willing to follow my plan, accept the fact that you enjoy slavery and kwitcherbellyachin'.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a self-addressed, stamped envelope.

Penalties Set In County Court

EAST PALESTINE — Five were fined Monday by Judge Barry Dickson in Eastern County Court here for traffic and fishing violations.

Gene L. Barnes, 41, of Hanoverton RD received a suspended $150 fine on the condition he stays on "good behavior" for one year on a driving while intoxicated charge. He paid court costs and received a three-day term in the county jail at Lisbon. He was arrested on Route 45 near West Point by the state patrolmen from the Lisbon Barracks.

Jay Stimpson of 108 Oliver St., Aliquippa, and George R. Smith of 49-A Midland Heights, Midland, forfeited $20 bonds on charges of fishing in Beaver Creek, St. Clair Township, on May 31 without an Ohio license. Both were cited by Columbiana County Game Protector R. N. Drake.

James R. Tice of Calcutta and Paul H. Jarvis of East Liverpool RD were fined $15 and costs on charges of speeding. Both were cited by the Highway Patrol.

Probation Given Palestine Driver After Car Death

LISBON — Gilbert R. Ashbridge, 21, of 623 Park Ave., East Palestine, convicted of traffic manslaughter Nov. 6 by a Common Pleas Court jury, was placed on probation for three years Tuesday by Judge Raymond S. Buzzard.

Ashbridge was indicted in connection with the death of Gary A. Norton, 23, of Astoria, N.Y., in a two-car collision July 31, 1967 on Route 170, three-tenths of a mile north of Negley.

Conditions of probation require Ashbridge to be of good behavior and obey all laws, abstain from the use of beer, wine and other alcoholic beverages, drive only in connection with his employment and classes at Youngstown State University, report monthly to Probation Officer Richard Rose and pay court costs.

Dinner Meeting Set By Veterans' Group

COLUMBIANA — The retired veterans' group sponsored by American Legion Post 290 and open to all area veterans of World Wars I and II will hold its monthly dinner meeting at 12:30 p.m. June 12 at Our Lady of Lourdes Church, 200 E. Main St., East Palestine.

Jack H. Cohen, East Palestine attorney, will be guest speaker.

Clarence E. Sprott of 155 N. Vine St., Columbiana, and Russell Arbaugh of 491 Matthews Rd., Youngstown, will accept reservations until Tuesday evening.

School Bus Inspection Set Here For Aug. 7

East Liverpool School District buses will be inspected Aug. 7 at Westgate School., according to Sgt. R. H. Mitchell, commander of Ohio Highway Patrol Post 15 at Lisbon.

He said, "All public, parochial, private and institutional school buses in our area will be inspected to see if they meet safety standards established by the Ohio Department of Education."

Every bus passing inspection must be labeled with a decal issued by the inspecting patrolmen. More than 130 patrolmen in Ohio have attended training sessions in preparation for the inspection of more than 14,000 buses.

Sgt. Mitchell said local school officials will be required this year to conduct pre - inspections of their buses prior to sending them to the patrol inspection site. He said this should reduce the number of re-inspections, which last year exceeded 6,000.

"Immediate mechanical corrections will be permitted at the time of inspection," he pointed out. "In cases of major repairs, an appointment must be made for a re-inspection."

The inspection schedule follows by school districts, with inspection location and date:

Beaver Local, Beaver Local School, Aug. 4-5; United Local, United School, Aug. 6; Wellsville, French's Garage, Aug. 7.

Salem, Davidson Garage, Aug. 8; East Palestine, Rauch Garage, Aug. 8; Fairfield - Waterford and Columbiana districts, both at Fairfield School on Aug. 11; Southern Local, Franklin School, Aug. 12; and Lisbon and Robert Bycroft School for Retarded Children, both at McKinley School in Lisbon, Aug. 13.

ANN LANDERS

A Thankful June Bride

By Ann Landers

Dear Ann Landers: I'm going to be a June bride and you made it possible.

When I wrote to you for the first time I was 17. I kept falling into bed with every fellow who smiled at me. It didn't mean anything that I was giving myself away. I had a whole list of excuses.

I was even sleeping with boys I didn't like because I hated to hurt their feelings by saying no. You told me to get psychiatric help but I kept telling myself, "I'm not nuts. I'm just weak."

I wrote to you again on my 19th birthday. I tried to count the fellows I'd slept with so I could be completely honest with you. I had trouble remembering some of their names. When I got to No. 16, I realized something must be wrong with me. It was then that I took your advice and went for counseling.

After 14 months of therapy I'm a different person. It's hard to believe I did those crazy things. And now I understand why I did them. I had such a low opinion of myself I didn't care what I did.

A wonderful man has asked me to marry him and I feel like the luckiest girl in the world. Thank you, Ann. I'm going to name our first baby girl after you. But no one will ever know why. — HAPPY.

-:-

Dear Happy: Congratulations and best wishes.

Now Hear This!

Dear Ann: I'm so sick of the kitchen I could die.

At 6:30 a.m. I pull a 16-year-old out of bed, take her breakfast order, and fix it. At 7 a.m. I drag the 15-year-old out of bed, ask him what HE wants and go back to the stove. If I happen to have oatmeal ready, he's sure to ask for cream of wheat.

HINTS FROM HELOISE

Try Spray For Ink Stain

DEAR HELOISE: Guess what?

I have found a terrific way to get ball-point ink stains out of washable clothes, and it will even work on synthetic leathers.

Heloise

You would never guess what does the trick. It's HAIR-SPRAY!

Just take a can and spray some on the ink spot and rub.

It blots the spot out. Then, if necessary, when on washable fabric, rinse in warm sudsy water.

Always treat the ink stain as soon as possible.

JEAN HOBAN.

-:-

I wouldn't have believed it, Jean, but you know it worked! At least it did on the three brands of ball-point pens I tested. Just a squirt or two of the ole hairspray and out came that spot . . . doesn't even take much rubbing.

HELOISE.

P.S. And if you find a brand that won't work, try cheap old rubbing alcohol. Works for me.

DEAR HELOISE: I think I've found the solution to making syrup without it getting all sugary.

Most recipes call for about the same amount of water as sugar.

But the secret of making syrup is a LONG boil. I usually add about TWICE the amount of water as I do sugar. I use mostly a light brown sugar (you may use part granulated) and about two tablespoons of corn syrup. I boil it to the right consistancy but DON'T let it get too thick.

Then I add maple flavoring. When cooked this way the syrup will keep indefinitely on the pantry shelf.

MRS. J. BOONE.

-:-

It really works!

Mrs. Boone, you're a little darlin'.

HELOISE.

DEAR HELOISE: Did you ever hear of anyone who is so lazy that when she gets all her dresses clean and hanging in the closet, she is reluctant to go out . . . because she will have to dirty a clean dress?

THAT'S ME.

DEAR HELOISE: I had two sets of china salt and pepper shakers — the kind with a cork in the bottom.

The corks, being old, were broken off and had been pushed up inside.

After trying to buy corks at several stores, I found a good substitute. I used the rubber squeeze tops from eyedrop bottles.

They are so easy to put in and never fall out.

They can also be trimmed off if too long.

GRANNY.

DEAR HELOISE: I never knew what to do about my watch when I went to the beach. There was always danger of getting sand it it, yet I needed to have it with me.

Then one day I hit upon a great idea. I took one of those little plastic pill containers and put my watch inside.

What a handy-dandy . . . I could see it at all times, and yet there was no danger of getting the watch ruined by sand and grit.

MISS L.A.N.

DEAR HELOISE: I don't sprinkle my pillow cases, but iron them dry by using spray starch.

This gives them a nice new finish. And besides, they repel the dirt better. They are certainly not stiff and are much easier to iron.

PEGGY BAKER.

DEAR HELOISE: Do you want to turn those everyday refrigerator biscuits into a Sunday Dinner treat?

Try sprinkling on your favorite seed — poppy, sesame or caraway. GOOD!

BETTY KLOPOTEK.

Weldon Retires From Oil Firm After 33 Years

Archie Floyd Weldon of RD 1, Route 30, has retired after 33 years employment with the Standard Oil Co.

He began working for the company June 10, 1936, and most recently was co-manager of the station at Broadway and E. 5th St. He decided early retirement because of his health.

Weldon serves as an elder at the First Christian Church of Wellsville. He is a member of Wellsville Masonic Lodge 180, the Royal Arch Masons, Ohio Eastern Star Chapter 417 and the Consistory of Steubenville, where he is a 32nd-degree Mason.

His hobbies are gardening and bowlling.

He and his wife have a son, David Lee Weldon, who lives near by, and a daughter, Mrs. Edward (Beth Ann) Leipper of Washingtonville, and one granddaughter.

Hammondsville Area Girl Injured In Fall

A Hammondsville area girl was in "fair" condition today at City Hospital with injuries suffered Monday night when she fell from a ladder while removing paper from the walls of the Pine Grove Methodist Church at Hammondsville.

Juanita Householder, daughter of Mr. and Mrs. Wayne Householder, suffered bruises of the head, left ankle and wrist and back.

The first lively ball in sports was used in jai alai, according to the Encyclopaedia Britannica.

Ohio Sunday Liquor Sale Bill Advanced

COLUMBUS, Ohio (AP)—The House State Government Committee has recommended for passage a bill to permit the sale of liquor on Sunday.

The vote on the bill Tuesday night was 11-7 with one abstention. It needed 11 votes to get out of committee.

It now has to make it out of the House Rules Committee before it is scheduled for a floor vote. Last session a similar bill was defeated on the House floor.

Before the vote, the committee heard testimony from both proponents and opponents. The hearing room was packed.

Columbus Mayor M. E. Sensenbrenner opposed the bill, contending it is "not good morally, socially, financially or spiritually."

Sensenbrenner said Sunday liquor sales would destroy the family because it is one day a week that its members can be together.

A contingent of proponents from Cincinnati, including Mayor Eugene Ruehlmann and City Manager Richard Krabach, contended the city was losing convention trade because of the ban on Sunday liquor.

Robert A. Harpenau of Cincinnati, appointed by the Hamilton County Commissioners last week to head an 18-man committee composed of groups favoring Sunday liquor, said the city's present convention trade amounts to $10 million a year.

Harpenau said, however, with Sunday liquor it could have 40 per cent more trade that now goes to other states.

Krabach said the Cincinnati Reds and the Cincinnati Bengals attract thousands of spectators on Sundays, but after the game they cross over into Kentuckky for dinner because illegal liquor is available.

MANILA (AP) — A sister of the late President Ramon Magsaysay has accused a number of firemen of attempting to extort money from her in exchange for saving her home at the height of a big fire here last week.

Mercedes Magsaysay's charges were contained in a letter Tuesday to a police official, as a joint city hall-police investigation of complaints from fire victims continued.

Miss Magsaysay said three apartment buildings she owned were destroyed and her residence was partially damaged by the $2.5 million dollar fire, which razed a large commercial and residential district here.

Witnesses who testified at a hearing Tuesday included a Catholic priest, who said that firemen stood by while his church burned because he disregarded their hints of extortion money.

Probation Asked In Forgery Case

LISBON — Dennis I. Moore, 24, of E. Pine St. pleaded guilty to a charge of forgery Tuesday in Common Pleas Court and asked Judge Raymond S. Buzzard for probation.

Moore waived his right to have the complaint considered by the next session of the Grand Jury and admitted facts of the case as related by Prosecuting Atty. J. Warren Bettis.

The affidavit filed by Clarence Trotter, local grocer, stated that Moore passed a forged $35 check April 22 at the store.

Judge J. L. MacDonald of County Southwest Court ordered Moore held for the Grand Jury May 6 when the defendant pleaded not guilty and waived a preliminary hearing. He has been in the County Jail since in default of $5,000 bond.

Judge Buzzard Tuesday reduced Moore's bond to $2,500 and ordered a pre - sentence investigation and report. Moore was returned to jail in lieu of bond.

HINTS FROM HELOISE

Try Spray For Ink Stain

DEAR HELOISE: Guess what?

I have found a terrific way to get ball-point ink stains out of washable clothes, and it will even work on synthetic leathers.

Heloise

You would never guess what does the trick. It's HAIR-SPRAY!

Just take a can and spray some on the ink spot and rub.

It blots the spot out. Then, if necessary, when on washable fabric, rinse in warm sudsy water.

Always treat the ink stain as soon as possible.

JEAN HOBAN.

-:-

I wouldn't have believed it, Jean, but you know it worked! At least it did on the three brands of ball-point pens I tested. Just a squirt or two of the ole hairspray and out came that spot . . . doesn't even take much rubbing.

HELOISE.

P.S. And if you find a brand that won't work, try cheap old rubbing alcohol. Works for me.

DEAR HELOISE: I think I've found the solution to making syrup without it getting all sugary.

Most recipes call for about the same amount of water as sugar.

But the secret of making syrup is a LONG boil. I usually add about TWICE the amount of water as I do sugar. I use mostly a light brown sugar (you may use part granulated) and about two tablespoons of corn syrup. I boil it to the right consistancy but DON'T let it get too thick.

Then I add maple flavoring. When cooked this way the syrup will keep indefinitely on the pantry shelf.

MRS. J. BOONE.

-:-

It really works!

Mrs. Boone, you're a little darlin'.

HELOISE.

DEAR HELOISE: Did you ever hear of anyone who is so lazy that when she gets all her dresses clean and hanging in the closet, she is reluctant to go out . . . because she will have to dirty a clean dress?

THAT'S ME.

DEAR HELOISE: I had two sets of china salt and pepper shakers — the kind with a cork in the bottom.

The corks, being old, were broken off and had been pushed up inside.

After trying to buy corks at several stores, I found a good substitute. I used the rubber squeeze tops from eyedrop bottles.

They are so easy to put in and never fall out.

They can also be trimmed off if too long.

GRANNY.

DEAR HELOISE: I never knew what to do about my watch when I went to the beach. There was always danger of getting sand it it, yet I needed to have it with me.

Then one day I hit upon a great idea. I took one of those little plastic pill containers and put my watch inside.

What a handy-dandy . . . I could see it at all times, and yet there was no danger of getting the watch ruined by sand and grit.

MISS L.A.N.

DEAR HELOISE: I don't sprinkle my pillow cases, but iron them dry by using spray starch.

This gives them a nice new finish. And besides, they repel the dirt better. They are certainly not stiff and are much easier to iron.

PEGGY BAKER.

DEAR HELOISE: Do you want to turn those everyday refrigerator biscuits into a Sunday Dinner treat?

Try sprinkling on your favorite seed — poppy, sesame or caraway. GOOD!

BETTY KLOPOTEK.

Weldon Retires From Oil Firm After 33 Years

Archie Floyd Weldon of RD 1, Route 30, has retired after 33 years employment with the Standard Oil Co.

He began working for the company June 10, 1936, and most recently was co-manager of the station at Broadway and E. 5th St. He decided early retirement because of his health.

Weldon serves as an elder at the First Christian Church of Wellsville. He is a member of Wellsville Masonic Lodge 180, the Royal Arch Masons, Ohio Eastern Star Chapter 417 and the Consistory of Steubenville, where he is a 32nd-degree Mason.

His hobbies are gardening and bowlling.

He and his wife have a son, David Lee Weldon, who lives near by, and a daughter, Mrs. Edward (Beth Ann) Leipper of Washingtonville, and one granddaughter.

Hammondsville Area Girl Injured In Fall

A Hammondsville area girl was in "fair" condition today at City Hospital with injuries suffered Monday night when she fell from a ladder while removing paper from the walls of the Pine Grove Methodist Church at Hammondsville.

Juanita Householder, daughter of Mr. and Mrs. Wayne Householder, suffered bruises of the head, left ankle and wrist and back.

The first lively ball in sports was used in jai alai, according to the Encyclopaedia Britannica.

Ohio Sunday Liquor Sale Bill Advanced

COLUMBUS, Ohio (AP)—The House State Government Committee has recommended for passage a bill to permit the sale of liquor on Sunday.

The vote on the bill Tuesday night was 11-7 with one abstention. It needed 11 votes to get out of committee.

It now has to make it out of the House Rules Committee before it is scheduled for a floor vote. Last session a similar bill was defeated on the House floor.

Before the vote, the committee heard testimony from both proponents and opponents. The hearing room was packed.

Columbus Mayor M. E. Sensenbrenner opposed the bill, contending it is "not good morally, socially, financially or spiritually."

Sensenbrenner said Sunday liquor sales would destroy the family because it is one day a week that its members can be together.

A contingent of proponents from Cincinnati, including Mayor Eugene Ruehlmann and City Manager Richard Krabach, contended the city was losing convention trade because of the ban on Sunday liquor.

Robert A. Harpenau of Cincinnati, appointed by the Hamilton County Commissioners last week to head an 18-man committee composed of groups favoring Sunday liquor, said the city's present convention trade amounts to $10 million a year.

Harpenau said, however, with Sunday liquor it could have 40 per cent more trade that now goes to other states.

Krabach said the Cincinnati Reds and the Cincinnati Bengals attract thousands of spectators on Sundays, but after the game they cross over into Kentuckky for dinner because illegal liquor is available.

On The TV Beat

By Cecil Smith

Vince Edwards Returns For TV Movie

There is no better evidence of the whopping success of NBC's two-hour "made-for-television" World Premiere movies than that CBS has started making its own.

Cecil Smith

The first of these, "Sole Survivor," gets under way today in the barren wasteland of El Mirage dry lake in the Mojave Desert.

The film has lured Vince Edwards back to do his first television emoting since "Ben Casey." He heads a cast that includes two other refugees from TV series—Richard Basehart and William Shatner.

-:-

EDWARDS SAID the lure was "a marvelous script." The tale is based on an event that made headlines across the nation a few years ago—the 1959 discovery of a World War II Liberator bomber, "Lady Be Good," in the Libyan Desert where it had crashed after a mission 6 years before.

Ten months later, the bodies of five of its nine crewmen were found 85 miles from the wreckage of the plane and with them was a diary that described their ordeal in the desert.

The film, which deals with the investigation of the tragedy, is completely fictional—even the plane has been changed from a four-engine Liberator to a two-engine B25 Mitchell bomber. Coincidentally, the author is Guerdon Trueblood, grandson of Gen. Billy Mitchell for whom the bomber was named.

-:-

THIS IS THE FIRST of at least five two-hour TV movies CBS will make this year through its Cinema Center 100 project (the 100 refers to the 100-minute length of the movies).

Heading the project is 38-year-old Gerald L. Adler who was in charge of the World Premiere series at Universal Studio where the TV-movie concept was devised.

"These movies are not being made because of any shortage of theatrical features for television," said Adler. "It's proved they command huge audiences and are highly profitable enterprises.

"After the network showings, they will be sold in syndication, where they draw top prices, and some will be distributed to theaters abroad. But that's not our concern. They're designed specifically for the television screen and to appeal to the broad range of the television audience.

-:-

"**I THINK** of each television set as a theater," continued Adler. "That's why I don't want to make comedies, musicals or Westerns. These are available in great quantities in the theaters—or TV sets—where we play. We want to do the kind of material that is not in large supply.

"Here we don't have the pressures of the weekly series, and we consequently don't have to make the general compromises you have to make with a series. We can take the time we need with each film; we never have to make a show until it's ready.

"And we can open up a great deal more than most television can. We're shooting 'Lone Survivor' in the desert; we have another film we'll make in Spain and another in Santa Fe. We have one that scares me to think about.

"It'll be made in Aspen, Colo., and it involves two harpy eagles. There are only nine harpy eagles in the world, and we have two of them. I get nightmares of arriving in Aspen and opening those cages—and away go the eagles."

-:-

ADLER SAID each film will cost about $1 million, and because CC100, a division of the CBS movie-making arm of Cinema Center Films, functions like an independent producer with no big studio overhead, "you'll see most of that million dollars on the screen."

He says he has had no orders as to how many films to make or any idea when CBS plans to air them, though "Sole Survivor" is scheduled tentatively to be shown next November. Adler believes he can make a maximum of 10 a year without sacrificing quality.

Among his prime interests are developing new writing, directing and producing talent in this program and giving established talent a new dimension in their work. Among the last named, Bruce Geller, producer-creator of "Mission: Impossible" and "Mannix," plans to write and produce one of the CC100 films next winter.

Vince Edwards Returns For TV Movie

There is no better evidence of the whopping success of NBC's two-hour "made-for-television" World Premiere movies than that CBS has started making its own.

Cecil Smith

The first of these, "Sole Survivor," gets under way today in the barren wasteland of El Mirage dry lake in the Mojave Desert.

The film has lured Vince Edwards back to do his first television emoting since "Ben Casey." He heads a cast that includes two other refugees from TV series—Richard Basehart and William Shatner.

-:-

EDWARDS SAID the lure was "a marvelous script." The tale is based on an event that made headlines across the nation a few years ago—the 1959 discovery of a World War II Liberator bomber, "Lady Be Good," in the Libyan Desert where it had crashed after a mission 6 years before.

Ten months later, the bodies of five of its nine crewmen were found 85 miles from the wreckage of the plane and with them was a diary that described their ordeal in the desert.

The film, which deals with the investigation of the tragedy, is completely fictional—even the plane has been changed from a four-engine Liberator to a two-engine B25 Mitchell bomber. Coincidentally, the author is Guerdon Trueblood, grandson of Gen. Billy Mitchell for whom the bomber was named.

-:-

THIS IS THE FIRST of at least five two-hour TV movies CBS will make this year through its Cinema Center 100 project (the 100 refers to the 100-minute length of the movies).

Heading the project is 38-year-old Gerald L. Adler who was in charge of the World Premiere series at Universal Studio where the TV-movie concept was devised.

"These movies are not being made because of any shortage of theatrical features for television," said Adler. "It's proved they command huge audiences and are highly profitable enterprises.

"After the network showings, they will be sold in syndication, where they draw top prices, and some will be distributed to theaters abroad. But that's not our concern. They're designed specifically for the television screen and to appeal to the broad range of the television audience.

-:-

"I THINK of each television set as a theater," continued Adler. "That's why I don't want to make comedies, musicals or Westerns. These are available in great quantities in the theaters—or TV sets—where we play. We want to do the kind of material that is not in large supply.

"Here we don't have the pressures of the weekly series, and we consequently don't have to make the general compromises you have to make with a series. We can take the time we need with each film; we never have to make a show until it's ready.

"And we can open up a great deal more than most television can. We're shooting 'Lone Survivor' in the desert; we have another film we'll make in Spain and another in Santa Fe. We have one that scares me to think about.

"It'll be made in Aspen, Colo., and it involves two harpy eagles. There are only nine harpy eagles in the world, and we have two of them. I get nightmares of arriving in Aspen and opening those cages—and away go the eagles."

-:-

ADLER SAID each film will cost about $1 million, and because CC100, a division of the CBS movie-making arm of Cinema Center Films, functions like an independent producer with no big studio overhead, "you'll see most of that million dollars on the screen."

He says he has had no orders as to how many films to make or any idea when CBS plans to air them, though "Sole Survivor" is scheduled tentatively to be shown next November. Adler believes he can make a maxium of 10 a year without sacrificing quality.

Among his prime interests are developing new writing, directing and producing talent in this program and giving established talent a new dimension in their work. Among the last named, Bruce Geller, producer-creator of "Mission: Impossible" and "Mannix," plans to write and produce one of the CC100 films next winter.

The DOCTOR Says

Snake Bite Procedures Explained

Thousands of persons in North America are bitten by poisonous snakes every summer. The old emergency treatment, making an X - shaped incision through the fang marks and sucking out the venom, however, is rarely necessary. The deciding factor is whether or not the victim can reach a hospital within an hour. If so there is no need to panic.

Dr Brandstadt

It is estimated that 66 per cent of all persons who are bitten by a poisonous snake get only a minute amount of venom and will survive without any treatment but, rather than take any chances, a tourniquet should be placed about two inches above the bite. It should not cut off the circulation but be just tight enough so that you can still slip an index finger under it, then it should not be loosened.

—:—

THE BITTEN part should be kept as motionless as possible and the victim should not move about any more than necessary because movement speeds the spread of the poison through the system. For the same reason alcohol should not be given.

At the hospital, further treatment will be determined by the victim's age, general condition and the severity of his symptoms. For some of those who do not have high blood pressure, hardening of the arteries or Raynaud's disease, immersion of the bitten limb in cold water to retard the spread of the venom may be the best treatment.

The rest of the body must, however, be kept warm. Some authorities now advocate surgical removal of the skin and subcutaneous tissue around the bite.

—:—

These patients should not be given antivenin because the chilling interferes with sensitivity to horse serum. If antivenin is to be given, the victim should be tested for sensitivity to horse serum. If he is sensitive, precautions are taken to prevent a severe reaction.

Supplemtenary treatment may include antibiotics, tetanus toxide, transfusion or an injection of hydrocortisone.

If the bite was made by a coral snake, the symptoms (nasea, drooling and weakness) may not occur for several hours. For this reason the victim should be kept in the hospital for at least 48 hours.

—:—

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of The Review. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

2 From Area Hurt By Falls

Two area residents were admitted to City Hospital with injuries suffered in falls Monday. Eight others were treated.

Kenneth Thomas of Oak St. is in "satisfactory" condition with a possible skull fracture suffered in a fall at home.

Irene McMahon of Carolina Ave., Chester, is in "fair" condition with a laceration of the scalp suffered in a fall on a sidewalk.

Others treated were Chester Simmons of 925 Phoenix Ave., Chester, cut finger on machinery; Gary Rigdon, son of Ray Rigdon of 443 Ray St., contusion of the knee in a fall; Russell M. Waite Jr., son of Russell Waite of Route 30, Chester, laceration of the left index and middle fingers on glass.

Six Promoted At Crucible

Six employes have been promoted at the Crucible Steel Division of Colt Industries in Midland.

Edward W. Ryan of Beaver RD 2 has been appointed superintendent of the 10-12-14-inch Finishing Mill.

His appointment was announced by G. N. Hutchinson, division superintendent of operations and maintenance.

Ryan, a 27-year veteran of Crucible, previously served as general foreman of the 24-inch Bar Mill. He joined the company in 1941 as an inspector for various departments and became a coordinator of customer inspection for Technical Services in 1950, inspection foreman in the Hot Strip in 1953, inspection foreman, Agricultural Department, in 1956, general foreman of inspection, Bar Finishing in 1960, and general foreman, 24-inch Bar Mill in 1965.

A native of Wellsville, he and his wife, the former Phyllis Wood of East Liverpool, have two married daughters.

Peter R. Kullen of Beaver, former industrial engineering analyst, has been promoted to industrial engineer.

Jay C. Prideau of East Liverpool, former combustion engineer, has been named foreman - substations. He joined the company in 1965 as a cooperative student and has been a combustion engineer since 1967.

Ralph T. Turner of East Liverpool RD 4, former utilities analyst, has been promoted to combustion engineer.

A native of East Liverpool, he joined Crucible in 1955 as a lab technician and has nearly 12 years experience in the Combustion Department.

Charles P. (Bucky) Koerber of East Liverpool RD 1, former heater and sub-foreman, has been promoted to relief foreman at the Coke Plant. He has 29 years service and has worked at the Coke Plant since 1945.

Richard D. Opperman of Ben Avon, Pa., former senior rate clerk, has been appointed traffic analyst in the Traffic Department. He was employed 13 years at the company's former headquarters in Pittsburgh prior to his transfer in 1967 to Midland.

Guilford Sewer Plan Will Be Aired June 13

LISBON — Commissioner Charles J. Gause, Engineer Bert A. Dawson Jr. and James Cavanaugh, deputy auditor, will meet with the Ohio Water Development Authority June 13 in Columbus regarding the proposed Guilford Lake sewer system.

They will be accompanied by William McKenna of W. A. Quicksall & Associates of New Philadelphia, consulting engineers, who drew up a preliminary plan for the lake sewer system.

Ned E. Williams, executive director of the OWDA, notified Gause the commissioners' application for a grant for the system "would seem to meet the OWDA requirements." Williams suggested the meeting with the county men.

3 From Lisbon Club Will Fly To Tokyo

LISBON — Elbert Burson and William Mundy, vice presidents, and Melvin Stark, past president, will represent the Lisbon Lions Club at the international convention this month in Tokyo.

Their air tour party will spend 10 days in Japan and stop over in Hawaii on the return flight.

They will leave June 24 and return July 10.

Boy Scout News

Two members of Boy Scout Troop 12 of the Trinity United Presbyterian Church were advanced in rank during the observance of "Parents Night" Monday at the church. About 100 attended.

Reed Lencse was advanced to Life Scout and Thomas Charlton to Star Scout. In addition to patches and pins earned, the boys were presented miniature pins, which they, in turn, gave to their mothers.

Fifty-nine merit badges were earned by 20 Scouts — Rick Putnam, David Toot, Reed Lencse, John Johnston, Timothy Rainear, Michael Fitzgerald, Charles Thomas III, Tom Charlton, Robert Thornton, Andrew Galas, David Poe, Shawn K. Sloan, Charles Russell, Stephen Early, James Mellinger, David Raber, Thomas J. Sloan, James Dray, Dean Galas and Dennis Thompson.

A discussion was held relative to the McKinley Trail Camporal Friday through Sunday.

Dale Thornton, scoutmaster, reminded the boys to turn in registrations for the summer camp at Leesville. The troop is planning to attend June 29-July 5.

Tom Sloan reminded the troop of the Fireside Roundtable Tuesday at 7:30 p.m. at Hammond Park, Wellsville.

Members of the Board of Review were Charles Russell and Bernard Casto, assistant scoutmasters; Robert Kidd, troop chairman; Tom Sloan, institutional representative, and the scoutmaster.

A wiener roast followed the meeting.

The DOCTOR Says

Snake Bite Procedures Explained

Thousands of persons in North America are bitten by poisonous snakes every summer. The old emergency treatment, making an X - shaped incision through the fang marks and sucking out the venom, however, is rarely necessary. The deciding factor is whether or not the victim can reach a hospital within an hour. If so there is no need to panic.

Dr Brandstadt

It is estimated that 66 per cent of all persons who are bitten by a poisonous snake get only a minute amount of venom and will survive without any treatment but, rather than take any chances, a tourniquet should be placed about two inches above the bite. It should not cut off the circulation but be just tight enough so that you can still slip an index finger under it, then it should not be loosened.

—:—

THE BITTEN part should be kept as motionless as possible and the victim should not move about any more than necessary because movement speeds the spread of the poison through the system. For the same reason alcohol should not be given.

At the hospital, further treatment will be determined by the victim's age, general condition and the severity of his symptoms. For some of those who do not have high blood pressure, hardening of the arteries or Raynaud's disease, immersion of the bitten limb in cold water to retard the spread of the venom may be the best treatment.

The rest of the body must, however, be kept warm. Some authorities now advocate surgical removal of the skin and subcutaneous tissue around the bite.

—:—

These patients should not be given antivenin because the chilling interferes with sensitivity to horse serum. If antivenin is to be given, the victim should be tested for sensitivity to horse serum. If he is sensitive, precautions are taken to prevent a severe reaction.

Supplemtenary treatment may include antibiotics, tetanus toxide, transfusion or an injection of hydrocortisone.

If the bite was made by a coral snake, the symptoms (nausea, drooling and weakness) may not occur for several hours. For this reason the victim should be kept in the hospital for at least 48 hours.

—:—

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of The Review. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

2 From Area Hurt By Falls

Officers Set For Post 163

Charles Laughlin was elected commander of Lawrenceville American Legion Post 163 Monday.

Others named are Donald Van Dyke, first vice commander; Dean Nonamaker, second vice commander; Kenny Brewer, chaplain; Charles Huffman, adjutant; Sam Kraft, finance officer; Harold Waide, judge advocate; Randall Roach, service officer; Howard Clendenning, sergeant - at - arms; Nonamaker, publicity officer, and Clendenning, historian.

Installation will be held June 20 at 8 p.m. at the post. VanDyke will be in charge.

The out - going commander, Lawrence Mikeals, reported on Memorial Day services held at the post by the Grant Disrict Burial Group.

A donation was authorized to the Burial Group to help finance a trip to Parkersburg in July where they will hold "post everlasting" services during the department convention.

A donation was approved for the Cancer Fund.

Brewer offered prayer.

The next meeting will be June 16.

Signs Discussed During Meeting Of Chester Club

A joint club sign at each end of the community was discussed when the Chester Kiwanis Club met Tuesday night at the City Hall.

William Harper introduced the subject. No action was taken last night.

Russ Davis, program chairman, pointed to the necessity of having a bank in Chester in view of the present emergency created by the closing of the bridge.

President Richard Pillo conducted the business session, the Rev. Robert Schondelmayer gave the invocation and Lee Adams led group singing.

Guests included Tait Hilbert of the East Liverpool Kiwanis, the Rev. Robert Schondelmayer of the Wellsville club, John Carson, Rick Young and Bruce Gibbs of Oak Glen High School and Mark Cooper, a nephew of Clifford Comm, Kiwanis member.

Carson invited the Chester Kiwanians to a meeting of the Oak Glen Key Club this week. He is president - elect of the group.

Theft Reported

LISBON — Dan Wilson of 8th Ave. LaCroft, notified the sheriff's office Tuesday of the theft of a garden tractor - mower valued at $514. Chief Deputy Robert Beresford said Wilson told him the equipment was taken from his open garage some time after 9 p.m. Monday.

Officers Set For Post 163

Charles Laughlin was elected commander of Lawrenceville American Legion Post 163 Monday.

Others named are Donald Van Dyke, first vice commander; Dean Nonamaker, second vice commander; Kenny Brewer, chaplain; Charles Huffman, adjutant; Sam Kraft, finance officer; Harold Waide, judge advocate; Randall Roach, service officer; Howard Clendenning, sergeant - at - arms; Nonamaker, publicity officer, and Clendenning, historian.

Installation will be held June 20 at 8 p.m. at the post. VanDyke will be in charge.

The out - going commander, Lawrence Mikeals, reported on Memorial Day services held at the post by the Grant Disrict Burial Group.

A donation was authorized to the Burial Group to help finance a trip to Parkersburg in July where they will hold "post everlasting" services during the department convention.

A donation was approved for the Cancer Fund.

Brewer offered prayer.

The next meeting will be June 16.

Signs Discussed During Meeting Of Chester Club

A joint club sign at each end of the community was discussed when the Chester Kiwanis Club met Tuesday night at the City Hall.

William Harper introduced the subject. No action was taken last night.

Russ Davis, program chairman, pointed to the necessity of having a bank in Chester in view of the present emergency created by the closing of the bridge.

President Richard Pillo conducted the business session, the Rev. Robert Schondelmayer gave the invocation and Lee Adams led group singing.

Guests included Tait Hilbert of the East Liverpool Kiwanis, the Rev. Robert Schondelmayer of the Wellsville club, John Carson, Rick Young and Bruce Gibbs of Oak Glen High School and Mark Cooper, a nephew of Clifford Comm, Kiwanis member.

Carson invited the Chester Kiwanians to a meeting of the Oak Glen Key Club this week. He is president - elect of the group.

Theft Reported

LISBON — Dan Wilson of 8th Ave. LaCroft, notified the sheriff's office Tuesday of the theft of a garden tractor - mower valued at $514. Chief Deputy Robert Beresford said Wilson told him the equipment was taken from his open garage some time after 9 p.m. Monday.

A Junior Editors Quiz About RAG DOLLS

QUESTION: *For how long have children played with rag dolls?*

* * *

ANSWER: Dolls can be made of all sorts of materials — cornhusks, paper, rubber from old tires. Yet of all home-made dolls, the good old flippety floppety rag doll has always held first place. There are always interesting and colorful scraps of cloth around, from which to make a doll and her costume, too. Mandy, the large doll we illustrate, is a kind of rag doll masterpiece, made by Jeanne an older girl who knew a lot about sewing. Her head is a tightly stretched stocking, with neatly embroidered features. Mandy is very big — about 2½ feet tall. When the Pilgrim settlers came to America in 1620, they had to work very hard to stay alive. Even the children had to help. But if the children had little time to themselves, they were allowed to play with dolls, and some very attractive rag ones are preserved from that time (lower left). But we can take you further back than that. An Egyptian rag doll is also preserved, made of linen, with embroidered features. So the answer to the question is — for at least 2000 years.

(Mary Bennett of Paolo, Kansas, wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

Grange Plans For Festival

LISBON — Lisbon Grange named committees Monday night for the annual strawberry festival from 5 to 9 p.m. June 28 at the hall.

Members also voted to make a donation to the Columbiana County Health and Safety Council and to sell homemade ice cream at the Winona centennial celebration July 4-6. Mrs. Fred Bates and Mrs. Charles Harris will be in charge of the ice cream stand in the pavilion.

The grange charter was draped Monday in memory of Mrs. Helen Humeniuk of Homeworth RD 1, a 30-year member of the Lisbon Grange, who died Saturday. Graydon Welling, master, presided.

Mrs. Roy Tolley, women's activities chairman, reported that the committee donated washcloths and towels to the Robert Bycroft School for retarded Children.

Mrs. Robert Cox, junior matron, said Lisbon Juniors will attend the county Junior Grange meeting at 8:30 p.m. next Monday at Mt. Nebo Grange.

Welling said members will hold a work night at 7 June 16 to get the grounds and building ready for the festival. The following committees were announced for the June 28 project:

Kitchen — Mrs. Tolley and Mrs. James Bowles, co - chairmen; ice cream — Welling and James Bowles, co - chairmen; parking — Clifford Shaw; cashier — Bruce Keslary; adding machine —Mrs. Fred Bates; dining room — Mrs. Harris and Mrs. James Lawrence, co-chairmen; advertising — Mrs. Dave Pannieri and Mrs. Harris; hostesses — Mrs. Bruce Keslar and Mrs. Art Tritten; pop — Matt Pannier and Larry Bates, and dishwasher — Fred Bates.

Clarkson Area News

CLARKSON — Mrs. Marie Lipp entertained a group of friends Tuesday with a noon luncheon at her home, honoring Jeanne Sutherin of Ft. Lauderdale, Fla.

The table, covered with a gold cloth, was centered with an arrangement of spring flowers and green appointments.

Mrs. Martha Nell Seachrist presented the honored guest with a "Lucky 11" tray.

* * *

Plans were completed to serve and prepare dinners for the Ruritan Club during July, August and September at the meeting of the Women's Association of the Clarkson United Presbyterian Church Monday night in the social room. Mrs. Mildred Hole presided.

Mrs. Marlene Hole, program leader, conducted the Bible study. Mrs. Mildred Welce served as hostess. The tables were highlighted with arrangements of assorted spring flowers.

A coverdish dinner will feature the July 7 meeting at 7 p. m. in the social room. Miss Penny Lipp will be program chairman.

Miss Florence Lyons is recuperating at the home of her sister, Mrs. Hazel Davis of Columbiana, after being a patient at Salem City Hospital.

Man Gets 1-5 Years For Assaulting Officer

YOUNGSTOWN, Ohio (AP)—Carl Madison, 25, was sentenced in Common Pleas Court Tuesday to one-to-five years in the Ohio Reformatory on his guilty plea to assaulting Youngstown policemen Robert Pavelko last year with a deadly weapon.

Madison, was found innocent last December by a jury in the shooting of patrolman William Grady during the same incident.

3 Newell Girls Seek Title

These three young Newell girls are candidates for the "Miss Juniorette" title in competition sponsored by the Newell Junior Women's Club.

They are, left to right, Royce Burch, Pamela Williams and Mary Wilson, all ninth-graders at Wells Junior High School.

Their parents are Mr. and Mrs. Roy Burch, Mr. and Mrs. Charles Williams and Mr. and Mrs. Thurman Wilson.

Members of the court are Dale McKee and Terry Kirchner of the seventh grade and Marsha Fluharty and Zana Hardy of the eighth grade.

The contest is being held in conjunction with the annual Newell firemen's carnival. Votes are cast for the winner by penny contributions in containers in business establishments.

Frances O'Hanlon, chairman, said the contest will continue for three weeks, and the crowning will be held June 27 preceding the firemen's parade.

675 Attend Program Of 91 Lisbon Seniors

LISBON — "We oldsters think you are the finest. . .You have been our true reason for being," President Albert Pugsley of Youngstown State University told the class of 1969 Tuesday night at David Anderson High School.

Approximately 675 attended Lisbon's 99th annual commencement exercise for the 91 seniors. A cold front forced cancellation of plans to hold the program at War Memorial Stadium.

The Rev. William Stickle of Salem pastor of the Holy Trinity Episcopal Church here, gave the invocation and benediction.

—:—

DIANE Vokovich, a junior, substituted for the high school band listed on the program for the processional and a special number had the program been outside.

Pianist for Senior Day assemblies and baccalaureate services for three years, Miss Vokovich played "Pomp and Circumstance" for the processional. Her special selection was a tenor saxophone solo, "Estilian Caprice," with piano accompaniment by David May, instrumental music instructor.

"I don't know what we are going to do next year when Diane is a senior," said Principal George M. Nace Jr. as he acknowledged her past services and willingness to play last night.

Valedictorian Carol Lewton, who plans to attend Youngstown University, spoke to the audience on "The Dream of Tomorrow." Salutatorian Curtis Bacon, who will attend Ohio State University, discussed "Who Are We?"

Since they were already on the platform, they received the first two diplomas presented by Dr. Wade A.. Bacon, board of education president and Curt's father.

—:—

JOHN RAMSEY, son of board member Mrs. Gregg Ramsey; Mary Kennedy, daughter of board vice president Richard Kennedy, and Janet Bowling, daughter of board clerk Richard Bowling, were among the graduates.

Supt. Joe W. Driscoll congratulated the seniors and invited them to call on the administration for counsel at any time. He introduced Dr. Pugsley.

The speaker said the educational crisis of the past decade—how to accommodate an almost overwhelming number of students — has been replaced by a "more insidious crisis of self-indulgence where each man decides what he will accept and obey." He said this attitude leads to anarchy.

"I pray you will never lose the idealism of youth, but use it as a springboard to a better life," Dr. Pugsley told the class. "True education is the ability to choose that which is first rate," he concluded.

Grange Plans For Festival

LISBON — Lisbon Grange named committees Monday night for the annual strawberry festival from 5 to 9 p.m. June 28 at the hall.

Members also voted to make a donation to the Columbiana County Health and Safety Council and to sell homemade ice cream at the Winona centennial celebration July 4-6. Mrs. Fred Bates and Mrs. Charles Harris will be in charge of the ice cream stand in the pavilion.

The grange charter was draped Monday in memory of Mrs. Helen Humeniuk of Homeworth RD 1, a 30-year member of the Lisbon Grange, who died Saturday. Graydon Welling, master, presided.

Mrs. Roy Tolley, women's activities chairman, reported that the committee donated washcloths and towels to the Robert Bycroft School for retarded Children.

Mrs. Robert Cox, junior matron, said Lisbon Juniors will attend the county Junior Grange meeting at 8:30 p.m. next Monday at Mt. Nebo Grange.

Welling said members will hold a work night at 7 June 16 to get the grounds and building ready for the festival. The following committees were announced for the June 28 project:

Kitchen — Mrs. Tolley and Mrs. James Bowles, co - chairmen; ice cream — Welling and James Bowles, co - chairmen; parking — Clifford Shaw; cashier — Bruce Keslary; adding machine —Mrs. Fred Bates; dining room — Mrs. Harris and Mrs. James Lawrence, co-chairmen; advertising — Mrs. Dave Pannieri and Mrs. Harris; hostesses — Mrs. Bruce Keslar and Mrs. Art Tritten; pop — Matt Pannier and Larry Bates, and dishwasher — Fred Bates.

Man Gets 1-5 Years For Assaulting Officer

YOUNGSTOWN, Ohio (AP)—Carl Madison, 25, was sentenced in Common Pleas Court Tuesday to one-to-five years in the Ohio Reformatory on his guilty plea to assaulting Youngstown policemen Robert Pavelko last year with a deadly weapon.

Madison, was found innocent last December by a jury in the shooting of patrolman William Grady during the same incident.

3 Newell Girls Seek Title

These three young Newell girls are candidates for the "Miss Juniorette" title in competition sponsored by the Newell Junior Women's Club.

They are, left to right, Royce Burch, Pamela Williams and Mary Wilson, all ninth-graders at Wells Junior High School.

Their parents are Mr. and Mrs. Roy Burch, Mr. and Mrs. Charles Williams and Mr. and Mrs. Thurman Wilson.

Members of the court are Dale McKee and Terry Kirchner of the seventh grade and Marsha Fluharty and Zana Hardy of the eighth grade.

The contest is being held in conjunction with the annual Newell firemen's carnival. Votes are cast for the winner by penny contributions in containers in business establishments.

Frances O'Hanlon, chairman, said the contest will continue for three weeks, and the crowning will be held June 27 preceding the firemen's parade.

675 Attend Program Of 91 Lisbon Seniors

LISBON — "We oldsters think you are the finest. . .You have been our true reason for being," President Albert Pugsley of Youngstown State University told the class of 1969 Tuesday night at David Anderson High School.

Approximately 675 attended Lisbon's 99th annual commencement exercise for the 91 seniors. A cold front forced cancellation of plans to hold the program at War Memorial Stadium.

The Rev. William Stickle of Salem pastor of the Holy Trinity Episcopal Church here, gave the invocation and benediction.

—:—

DIANE Vokovich, a junior, substituted for the high school band listed on the program for the processional and a special number had the program been outside.

Pianist for Senior Day assemblies and baccalaureate services for three years, Miss Vokovich played "Pomp and Circumstance" for the processional. Her special selection was a tenor saxophone solo, "Estilian Caprice," with piano accompaniment by David May, instrumental music instructor.

"I don't know what we are going to do next year when Diane is a senior," said Principal George M. Nace Jr. as he acknowledged her past services and willingness to play last night.

Valedictorian Carol Lewton, who plans to attend Youngstown University, spoke to the audience on "The Dream of Tomorrow." Salutatorian Curtis Bacon, who will attend Ohio State University, discussed "Who Are We?"

Since they were already on the platform, they received the first two diplomas presented by Dr. Wade A.. Bacon, board of education president and Curt's father.

—:—

JOHN RAMSEY, son of board member Mrs. Gregg Ramsey; Mary Kennedy, daughter of board vice president Richard Kennedy, and Janet Bowling, daughter of board clerk Richard Bowling, were among the graduates.

Supt. Joe W. Driscoll congratulated the seniors and invited them to call on the administration for counsel at any time. He introduced Dr. Pugsley.

The speaker said the educational crisis of the past decade—how to accommodate an almost overwhelming number of students — has been replaced by a "more insidious crisis of self-indulgence where each man decides what he will accept and obey." He said this attitude leads to anarchy.

"I pray you will never lose the idealism of youth, but use it as a springboard to a better life," Dr. Pugsley told the class. "True education is the ability to choose that which is first rate," he concluded.
